Your student's 2016-2017 teacher placement will be given to you after all enrollment paperwork is completed and turned in.

2015-2016 Evergreen Elementary Battle of the Books Team

Evergreen is very proud of our 2015-2016 Battle of the Books Team. Lead by Mrs. Odonnell—Raymond Hopkins, Connor Talty, Jessica Kniffen and Zoey Tucker competed in the District's battle of the Books competition. Evergreen's team took 2nd place.

Ms. Aimee's Class Project

Ms. Aimee's Life Skills class took advantage of the wonderful learning opportunities that spring offers. Her class hatched chicks as a spring science project. Throughout the 21 day incubation period they discussed the life cycle of chickens, candled the eggs to observe development, monitored temperature and humidity, and completed several writing and art projects related to the subject. Watching the chicks hatch, and holding the fluffy chicks was the highlight of the project. Once they hatched students were able to learn other skills related to the responsibility and caring for an animal. This was a great learning experience for our students!

The students and Miss Aimee, along with her aides then took the adventure to the ground. Local businesses donated materials for her class to start a garden! Gardening can be used as a hands on learning approach to promote student engagement, participation and discovery in a wide array of disciplines, including, science, language arts, math, and nutrition. Gardening also promotes outdoor exercise, responsibility, and teamwork. For our Life Skills students their garden will offer many "real world" examples and experiences that can be adapted for various skill levels for all students.

Hooray for spring!
