K-5 Reading Series

On February 15th, we had our 2nd day of training on the new Reading Series. The training went well. They learned about the online portal. Each grade level was able to get time to spend with the trainer and ask questions about the issues they are having. Teachers did report progress being made by students in several areas, but also had concerns in some areas. This is a completely new way of teaching reading, so it will take some time for everyone to get comfortable.
