Justification for Variances

Hafen is the smallest Elementary school in Pahrump and saw a slight increase in Kindergarten students. The school already has 3 KG teachers allocated. It also houses self-contained classrooms, which cannot be counted for the purpose of Class Size Reduction. All of the KG classrooms have an assigned Paraprofessional to assist in reducing the number of students per adult.

School-Level Plan to Address the Student-Teacher Ratios

We will continue to monitor class size numbers during Q3 and adjust as necessary. We will continue to look for staff to lower the ratios through online advertising, educator fairs, partnerships with local colleges, etc. We also have developed a district committee who is tasked with coming up with a plan of creative ideas to address the staff issues to better service student educational needs.
