

PROPOSED REVISIONS

Student Illness	Procedures shall be established by the administration to ensure that proper attention is given to any student who becomes ill during the course of a school day.
Accidents Involving Students	Emergency procedures shall be established by the administration to ensure proper attention for any student injured at school. Records shall be maintained on all accidents that require the attention of a medical doctor.
Emergency Treatment Forms	Each year, students and parents shall complete and sign a form that provides emergency information and authorizes school officials to obtain emergency medical treatment, as provided by law.
Purchasing Medication	Except as provided in this policy at Administration of Medication to Athletes, the District shall not purchase nonprescription medication to administer to a student.
Administering Medication	No employee shall give any student prescription medication, non-prescription medication, herbal substances, anabolic steroids, or dietary supplements of any type, except as provided below.
Provided by Parent	Employees authorized by the Superintendent or designee may administer to students: <ol style="list-style-type: none">1. Prescription medication in accordance with legal requirements. [See FFAC(LEGAL)]2. Nonprescription medication, upon a parent's written request, when properly labeled and in the original container.3. Herbal substances or dietary supplements provided by the parent and only if required by the individualized education program or Section 504 plan of a student with disabilities.
Epinephrine	The District authorizes school employees who have agreed in writing and been adequately trained to administer an unassigned epinephrine auto-injector in accordance with law and this policy. Administration of epinephrine shall only be permitted when an authorized and trained individual reasonably believes a person is experiencing anaphylaxis.
On Campus	Authorized and trained individuals may administer an unassigned epinephrine auto-injector at any time to a person experiencing anaphylaxis on a school campus. The District shall ensure that at each campus a sufficient number of employees are trained to administer epinephrine so that at least one trained individual is present on campus during all hours the campus is open. For purposes of this policy, the campus shall be

Off Campus

Authorized and trained individuals may administer an unassigned epinephrine auto-injector to a person experiencing anaphylaxis at an off-campus school event or while in transit to or from a school event when an unassigned epinephrine auto-injector is available.

Maintenance, Availability, and Training

The Superintendent shall develop administrative regulations designating a coordinator to manage policy implementation and addressing annual training of school employees, in accordance with law; procedures for auto-injector use; and acquisition or purchase, maintenance, expiration, disposal, and availability of unassigned epinephrine auto-injectors at each campus, at off-campus events, and while in transit to and from a school event.

Notice to Parents

In accordance with law, the District shall provide notice to parents regarding the epinephrine program, including notice of any change to or discontinuation of this program.

Administration of Medication to Athletes

The District shall purchase nonprescription medication that may be used to prevent or treat illness or injury in the District's athletic program. Only a licensed athletic trainer or a physician licensed to practice medicine in the state of Texas may administer this medication and may do so only if:

1. The student's parent has given prior written consent for medication to be administered; and
2. The administration of a medication by an athletic trainer is in accordance with a standing order or procedures approved by a physician licensed to practice medicine in the state of Texas.

Psychotropics

Except as permitted by Education Code 38.016, an employee shall not:

1. Recommend to a student or a parent that the student use a psychotropic drug;
2. Suggest a particular diagnosis; or
3. Exclude the student from a class or a school-related activity because of the parent's refusal to consent to psychiatric evaluation or examination or treatment of the student.
