

## **Consider Approval of Contract with Food Service Management Company**

**June 21, 2021**

1. Background:

The district contracts with a food service management company, currently SFE, and that contract expires on June 30, 2021, without the ability to approve any more extensions of the original agreement, made in 2016. The Texas Department of Agriculture, who oversees the School Lunch Program at the state level, has a lengthy, detailed “Request for Proposal” process that we began in January, carefully following each step, obtaining approval with required revisions, and then scoring the proposals from the companies that provide responses to our RFP, then making a selection, which must also be approved by the TDA.

2. Process:

Administration must present to the board a contract with a food service management company for approval, after the Texas Department of Agriculture approves the evaluation process, selection of the winning proposal, and the contract itself.

3. Fiscal Impact:

None at this time

4. Recommendation:

Board Approval of the food service management contract.

5. Required:

Board Approval

6. Contact Person:

Superintendent, CFO
