Survey Pre-Work

2024–25 Certification of Provision of Instructional Materials

In accordance with <u>Texas Education Code 31.1011</u>, local educational agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) Section <u>28.0022</u>; (iii) Section <u>43.22</u>, Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The TEKS Certification 2024–25 Survey includes a section to allow LEAs to certify they meet this requirement.

Like last year's process, the agency will utilize the following tools:

Certification 2024–25 Form:

Printable, hard copy of the survey to be completed offline and presented to the board of trustees or governing body for ratification and signatures.

Certification 2024–25 Survey:

Web-based application where LEAs will submit their responses collected on the TEKS Certification 2024–25 Form, and where LEAs will upload the signature page of the Form.

This year's Certification Process requires:

- The completion of the Certification 2024–25 Form;
- Ratification by the LEA's board of trustees or governing body in an open, public-noticed meeting; and
- Submission of the Certification 2024–25 Survey and upload of the ratified Certification 2024–25 Form.

TEA recommends that LEAs complete these steps by **May 1, 2024**. The Certification 2024–25 Form can be accessed at the following link on the <u>Instructional Materials webpage</u>.

The state online instructional materials ordering system, EMAT, will close for annual maintenance on March 29, 2024, and is scheduled to reopen on May 15, 2024. <u>Completion of the Certification Process</u> is required to regain access to allotment funds when EMAT reopens in May of 2024.

Certification 2024–25 Survey submissions received after May 15, 2024, will typically be processed within five business days, then access to EMAT provided.

Instructions to Complete the Certification Process for 2024-25

- 1. **Review the Certification 2024–25 Form**: Print the fillable TEKS Certification 2024–25 Form found on the <u>Instructional Materials website</u>.
- 2. **Gather information:** The form may require consultation with content area leads or other LEA staff.
- 3. **Complete Certification 2024–25 Form**: Complete the TEKS Certification 2024–25 Form by hand or digitally.
- 4. **Obtain needed signatures**: Ratify the **Certification 2024–25 Form** by the LEA's board of trustees or governing body in an upcoming, open board meeting.
- Submit Certification 2024–25 Survey: Complete the online Certification 2024–25 Survey by answering the questions. Inside the survey you will upload the signed Allotment and Certification 2024–25 Form from Step 4. The survey will be open for submissions beginning Monday, March 18, 2024, and will be located on the Instructional Materials website.

Additional Supports

- TEA will be hosting a webinar to review the Certification 2024–25 Process on *Monday, March 18th, at 2:00 p.m. CDT*. <u>Registration</u> is required.
- TEA will host office hours on *Monday, March 25, at 11:00 a.m. CDT and Thursday, March 28, at 11:00 a.m. CDT*. <u>Registration</u> is required.
- To facilitate completion of this year's submission, LEAs may request a copy of their previous year's submission by submitting a <u>Help Desk Ticket.</u>
- For questions about the Certification 2024–25 Form, Survey, or Process, please submit a <u>Help</u> <u>Desk Ticket.</u>

Review Terminology

Additional Supports

- **Scope and Sequence**: A document that provides a brief outline of the standards and a recommended teaching order for a particular course/grade-level over the course of a school year.
- **Full-subject materials** (often referred to as Tier 1 or core materials): instructional material designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.
- **Supplemental materials** (may be used in Tier 1, Tier 2, or Tier 3 settings): instructional material designed to assist in the instruction of one or more of the essential knowledge and skills

About the Qualtrics Survey

Within the Qualtrics survey you will be given a list of commonly known publishers and products. Should your LEA use a LEA-developed product, or the product is not listed, you will be asked to write in the name of the publisher and product.

Children's Internet Protection Act

The Children's Internet Protection Act

The Children's internet protection Act (CIPA) was enacted by Congress in 2000 to address concerns about children's access to obscene or harmful content over the Internet. (You may find more information on the FCC website.)

In accordance with Texas Administrative Code 19 TAC §66.105, school districts or charter schools are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C, Section <u>28.0022</u>, <u>Section 43.22</u>, Penal Code, and any other law or regulation that protects students from obscene or harmful content.

QUESTION 34.0: Does your district or charter school protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C)., Section 28.0022, Penal Code, and any other law or regulation that protects students from obscene or harmful content?

Additional Informational Questions (Optional)*

QUESTION 35.0:

 \Box No, we do not have a need for it.

XUnsure, we need more information.

Certification 2024-25 Survey Ratification [Printed and uploaded PDF]

In accordance with <u>Texas Education Code §31.1011</u>, school districts and open-enrollment charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS) for the coming school year. Additionally, in accordance with Texas Administrative Code <u>19 TAC §66.105</u>, school districts or charter schools are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C).

These certifications must be ratified by local school boards of trustees or governing bodies in public, noticed meetings. Districts and open-enrollment charter schools will be unable to order instructional materials through EMAT until the certifications have been received by the Texas Education Agency (TEA).

Other Certified Subject Areas

QUESTION 40.0:

Please select each subject in the required curriculum below for which your district provides each student with instructional materials that cover all elements of the essential knowledge and skills: [multiple select]

Career & Technical Education
 Fine Arts
 Health
 Technology Applications
