

Hastings  
Public Schools

# Data Dashboard

## Measuring What Matters

Prepared by Andrew Hodges & Tim Buchin

*Students are the heart*  *of all we do*

# Project Objectives

**Obj. 1**

Adopt and implement a data warehouse management system that allows for unique data pulls aligned to the Strategic Plan.

**Obj. 2**

Create a process for automatic updates at defined intervals, for the Dashboard to live on the District website.

# Timeline

**Hastings  
Public Schools**

# Additional Determinations

- Process for Manual Entries Into the Dashboard
  - HR Manual Data
  - Activities/Athletics
  - Conferences
  - Survey Data
  - PD Data
  - Enrollment Data (created)
  - Financial Data (created)
- Timeline for Updates Throughout the Year
  - Confirmed
  - Assigned

# Live Dashboard

**1**

## Pivot Designer

Template is 'run' in Infinite Campus.

**2**

## Google Spreadsheet

The data from the Pivot Designer Template is updated in the corresponding cell in the Google Spreadsheet. This spreadsheet also creates the charts/graphs etc.

**3**

## Dashboard

The Dashboard will be housed as a Google Doc. This allows for the charts/graphs from the Google Spreadsheet to be linked and automatically updated.

**4**

## Website

The Dashboard (Google Doc) is housed on the website. When the Google Spreadsheet is updated this will also be automatically updated

# THANK YOU
