Dear Michelle,

Fortis IT Solutions is an IT solutions provider for small to mid-sized companies. We offer dynamic solutions that support your every IT need so you can get back to what is important — the core of your business and your clients. We understand your choices are many. Our customers choose us because we are committed to developing the best, customized solutions that fit your business.

### **Our Mission**

Fortis IT Solutions strives to be the best choice for information technology solution providers. We help our customers realize the full potential of their technology systems by delivering exceptional service and value through the optimization of their IT.

### **Customer Satisfaction**

Our values are driven by a simple philosophy: our customers are our partners. They are the heart and soul of our business. We continue to improve our products and services to operate in the most efficient way, while keeping on top of compliance and regulations. Our values are driven by a simple philosophy: Our customers are always right.

### **Flexibility**

The flexibility in our services allows us to customize support needs for each customer. There is no standard customer. Virtually everything in our range can be custom-built so you have the plan that is right for you.

### **Technology-Rich**

A technology-rich company like Fortis IT Solutions gives decision makers the management tools necessary to manage their business without having to worry about IT.

### **Vision**

To be the most trusted and respected management solution, recognized by our clients for delivering excellence.
