PJHS Activities

- PJHS students and staff celebrated a successful year with the 2025 Rebecca Caudill Young Reader's Choice Award Program.
 - 79 PJHS students participated in the program by reading books from the 2025 Rebecca Caudill Nominee list.
 - 11 PJHS staff members also participated in the program by reading and attending monthly meetings to discuss the books they read.
 - Together, students and staff read a total of 233 books from the 2025 Rebecca Caudill list. Students and staff celebrated with school-wide Literary Trivia, voting, certificates, and sweet treats!
- Our students survived IAR - ISA testing 2025! Students had the chance to build an ice cream sundae throughout the week by earning points on a work ethic rubric the teachers created. If they earned enough points for the testing session, they got part of the sundae (starting with the bowl and spoon).
- Mrs. Keeling and Mrs. Cothorn, along with four students, represented our school at the Central Illinois STEM Fair in Rochester. They demonstrated a few ways technology is being used in the classrooms. Some of the demonstrations included 3D printed tractors working with Sphero robots for a tractor pull, 3D printed chess boards, Indie robots, and instruction on the processes of being a 21st Century Researcher!
