## Non Testing Highlights

### Chronic Absenteeism

Pana 18.2%

State 26.3%

2022

Pana 30.7%

State 29.8%

### Student Attendance

Pana 93.7%

State 91.6%

### Truancy

Pana 17.8%

State 25.7%

### Low Income %

Pana 68.9%

State 49.8%

2022 57.9%

### Graduation Rate

Pana 88.1%

State 87.7%

2023 Pana 83.3%

### 9th Grade on Track

Pana 89.7%

State 88.2%

### Students with IEP

Pana 19.3%

State 16.0%

2023 Pana 17.4%

2021 Pana 14.8%

### Student Teacher Ratio

Elementary

Pana 16.9:1

State 17.1

High School

Pana 14.8:1

State 17.3:1

### Class of 2022

Attending College

Pana 58.6%

State 66.1%

## How Did Pana Jr. High Get the Exemplary Designation?

1. Score is in the top 10% of all K-8 Schools
2. No sub groups in the lowest 5%
3. The cut off score for Exemplary was 84.04

	ELA Proficiency 8.04%	ELA Growth 26.79%	Math Proficiency 8.04%	Math Growth 26.79%	Science Proficiency 5.36%	Chronic Absenteeism 20%	Climate Survey 5%	Summative Score
2024	8.04	22.64	8.04	22.57	5.36	14.13	5	85.78
2023	8.04	20.7	7.1	14.2	5.36	13.13	5	73.53
Improvement	0	1.94	0.94	8.37	0	1	0	12.25

Since we don't have 20 ELL students that 5% (5 points) is spread out over ELA Proficiency, Math Proficiency, Science Proficiency, ELA Growth, and MAP Growth.

For example ELA Growth is worth 25% of our score, but with the ELL points added it is now 26.79%.

**Proficiency**- there is a target that you have to hit each year, and that goes up every year. We met in Science, Math, and ELA proficiency Targets. As you can see from the chart, we got all the points for proficiency .

ELA			Math		
	Target	PJHS		Target	PJHS
6th	34.84%	53.10%	6th	30.42%	36%
7th	35.62%	47.90%	7th	31.10%	32.40%
8th	35.62%	68.70%	8th	31.10%	33.30%
	Science				
	Target	Pana			
8th	57.74%	60.40%			

**Growth** is a 2 year score. So 6th graders are based on scores from 4th, 5th and 6th. What they do is they compare all the students as 5th graders who had the same score. For example they look at all the students who scored 750 in 5th grade. They then put their 6th grade scores in order from the highest to the lowest. Those with the best score get the highest %, and it works its way down. Our Growth Scores are very good.

ELA Growth Score was 84.52 Math Growth Score was 84.27

As you can see from the chart we made gains in both ELA Growth and Math Growth.

**Chronic Absenteeism-** is the % of students who miss 10% or more of the school year. To calculate the points they put the schools in order in terms of % of students who are chronically absent. So those with the fewest get the higher amount of points.

**Climate Survey-** is the 5 Essential Survey. Our score is based on the % of students who take it. We got all the points here, and we had over 95% of our students take it.
