Santa Rosa, FL Trip Report (TPSD Goal #1)

Dr. Leigh Mobley/Mrs. Amy Ferguson

During Spring Break, eight Tupelo Public School District administrators, including Dr. Loden, visited the Santa Rosa County School District in Santa Rosa, Florida. The purpose of visiting this high performing district was to gather information concerning the Florida accountability model and how their district is so successful. Mississippi is in the process of building an accountability model based on the one currently implemented in Florida. Valuable insight as gained from the visit and will be shared with the Board.
