8431 - PREPAREDNESS FOR TOXIC HAZARDS

The Board is concerned for the safety of the students and staff members and will attempt to comply with all Federal and State statutes and regulations to protect them from hazards that may result from industrial accidents beyond the control of school officials.

TOXIC HAZARDS

These hazards exist in chemicals, pesticides, and other substances used in the school setting such as in laboratories, science classrooms, kitchens, and in the cleaning of rooms and equipment.

The District Administrator, or another ~~designated and~~ qualified person **designated by the District Administrator**, will serve as the Toxic Hazard Preparedness (THP) Officer.

~~In fulfilling these responsibilities, the THP Officer may enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard.~~

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

The District will comply with any lead-screening requirements ~~promulgated~~ **developed** by the **Wisconsin** Department of Health and Social Services.
