

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: November 18, 2019

AGENDA ITEM: District Instructional Focus

PRESENTER: Amber Crissey, Assistant Superintendent of Curriculum & Instruction

BACKGROUND INFORMATION:

- The district instructional data dashboard provides the district with a systematic process for gathering multiple data points to track implementation levels of the district focus areas and to monitor student progress data throughout the school year.
- As part of the district instructional focus, AISD is working toward becoming a high-functioning Professional Learning Community (PLC) through engaging in PLC actions at each campus to ensure that all students learn at high levels.
- An essential PLC action that is critical to building capacity in collaborative teams is providing educators with on-going professional learning that supports the PLC at Work process.
- AISD sent forty-one staff members to the Solution Tree PLC Institute in San Antonio, Texas October 14-16.
- Educators that attended the PLC Institute engaged in three days of professional learning in order to deepen their understanding of the PLC process.
- Staff members that attended the institute will be sharing some of their key take-aways from their professional learning with the Board of Trustees.
- In an effort to recognize and reinforce high-functioning collaborative teams, AISD will identify collaborative teams throughout the school year that are engaging in PLC actions on a consistent basis and are impacting student achievement. Recognition of the collaborative teams will take place at a school board meeting.
