

AR 3513.3 TOBACCO PRODUCT AND NICOTINE-FREE SCHOOLS

Intervention

The principal or designee shall intervene whenever individuals use tobacco products, products containing nicotine, or imitation products while on school property and under school jurisdiction.

If the principal or designee observes an individual using tobacco products, products containing nicotine, or imitation products, the principal or designee shall remind the individual that CCSD is a non-tobacco product and nicotine-free school and request that the individual refrain from consumption while on school grounds or while at school activities.

If the individual refuses to refrain from consumption they will be requested to leave the premises or activity. Law enforcement may be contacted.
