Re: Carry over of funds.

I am requesting that the following funds be carried over from the 2023 budget to the 2024 budget.

\$5,198.00 from line item number 101-268-932 into same line item for the 2024 budget. This would be used for continuing work in the Merchants building and Caretakers house.

\$2,760.00 from line item number 631-265-975.059 into the same line item number for the 2024 budget. This would be to pay an invoice from Omega Electric for installation of individual power meters at the fairgrounds.
