Reset 2022: Working with the Whole Community to Redefine and Restore Our Schools

Having needed but difficult conversations can be hard and feel unsafe for all involved. What are some safe ways that we can interact with staff, students, and families together? How can we begin to have an authentic conversation and build trust and agreement for the sake of our students and the future of public schools? This workshop will begin to build a framework for ways to bring folks to the table (including students) to discuss how we come back together and establish the normal we all need. *Featured workshop speaker: J. Michael Hall, President and Founder, Strong Fathers-Strong Families. Dinner included.*

Saturday • Post-Conference, 8:30-11:30 a.m.

Evaluating and Improving Student Outcomes (EISO): The Board's Role in Continuous Improvement

Focused and engaged school boards make a difference in student learning. This research-informed session highlights practices and tools to help boards understand the current state of student learning, cast a compelling vision with meaningful goals, and oversee the improvement efforts in their districts. *This SB 1566 session is required for each trustee every two years.** Breakfast included.*

**NOTE: Participants must attend the entire session (three hours), to earn the required training credit.

Greetings!

The annual Summer Leadership Institute (SLI) is not only TASB's flagship training conference — it is also our learning laboratory. SLI is designed to offer new and experienced school trustees a place to create their own learning journey and to ask bold questions.

Our members have a choice to attend the SLI that best fits their schedule and location preference — in San Antonio or Fort Worth. The two events, typically held a week apart, are nearly identical in schedule, session offerings, and general session speakers.

At the heart of SLI is an opportunity for trustees to make connections with one another. It's a community where members gather to work together in our shared quest to improve Texas school districts and provide students with an exceptional public education. It is the culture of SLI to support each other and provide examples of what has worked and what has not worked. We invite you to join us at SLI for this exciting learning journey.

Important news for 2022

We're back! The 2022 Summer Leadership Institute will be back to full attendance! Now that more people have been fully vaccinated and received their boosters, we're going full steam ahead and attendance will be open as usual barring any unforeseen circumstances.

We will still be following CDC, host city, and facility guidelines to ensure the safety of our attendees, speakers, and staff.

DARING
LEADERSHIP

ROBYN BENINCASA

When the challenges are steep, and the competition fierce, Robyn Benincasa provides individuals and organizations the tools

they need to inspire themselves and one another to their greatest heights and to cross their most challenging finish lines.

For the last 20 years, she and her teammates have been competing at the front of the pack in the most unique and compelling classrooms on earth: The jungles of Borneo, the Himalayan peaks of Tibet, the rivers of Fiji, the rainforests of Ecuador and the deserts of Namibia, studying the good, the bad, and the not-so-pretty of Extreme Teamwork. It is through these harrowing, life affirming and often hilarious experiences in the world's most grueling challenges that she has emerged with her truly unique perspective on what it takes to build the kind of world class teams that succeed against all odds, triumph in the face of adversity and win as one in times of great challenge and change.

Robyn's multi-faceted experience inspires people to grab life with one hand, grab their teammates with the other, and to achieve audacious goals that they could never accomplish alone. She is the expert that companies call on to build world class teams, inspire peak performance and create a culture of champions. Robyn has successfully translated the lessons learned from extreme team sports to the corporate world, with compelling keynotes that show how groups of ordinary people can accomplish extraordinary things together.

ADOLPH BROWN

Dr. Adolph Brown III offers the most uniquely inspiring and entertaining, yet profoundly challenging, presentations around. He is

an American businessman, investor, author, urban and rural school educator, research scientist, and keynote speaker. He is a servant-leader at heart, a lifelong social justice advocate and a career teacher educator. He is admired for his simple and direct "Real Talk," and powerful, universal and timeless teachings. For over 30 years, Dr. Brown has researched, field-tested, and implemented a set of concrete strategies used to support and enhance schools and businesses around the world.

As a credentialed Master Teacher, Dr. Brown helps teachers reach every student. As a much sought-after and highly effective Unconscious Bias, Equity, Diversity and Inclusion keynote speaker, Dr. Brown skillfully addresses the impact of stereotypes. He credits much of his success to the luxury of humble beginnings of being reared by a single parent mother in abject poverty of the inner city housing projects infested with gangs, drugs and violence. His oldest sibling and only brother Oscar was murdered when Adolph was only eleven years old.

Dr. Brown is the author of acclaimed books, including the international mental wellness best seller, *Two Backpacks*. Other best sellers authored by Dr. Brown include a business soft skills classic — *Championship Habits*; and the education classic — *Real Talk*. He is also the co-author with his third grade teacher of a children's book, *It's Gonna Be A Great Day!* for youth.

GLOBAL
LEADERSHIP

RAVI HUTHEESING

Ravi's journey as a rock star, aviator, cultural diplomat for the US Department of State, and keynote speaker is an inspiring example of how to

pivot and succeed in an ever-changing world. He is the first American-born descendant of India's first family (which includes prime ministers Nehru and Gandhi), but his worldwide visibility skyrocketed in 1997 as the guitarist of triple-Grammy-nominee, Hanson, performing at the White House, Madison Square Garden, Saturday Night Live, Today Show, and more.

Ravi later became a pilot and aviation speaker helping the industry attract new student pilots, and in 2015, the US Department of State began sponsoring his cultural programs in Russia, Indonesia, Iraq, and Lebanon.

A highly respected keynote speaker in education leadership, Ravi is also the founder of Ravi Unites Schools—a large network of international K-12 schools whose classes participate in peer-to-peer real-time audio-video interactions—and author of *PIVOT: Empowering Students Today to Succeed in an Unpredictable Tomorrow*.
