Special Meeting June 27, 2022

FOR DISCUSSION:

Subject: Budget Workshop

This evening, Mr. Reiniche will present the assumptions and development of the FY 2023 School District Budget to date. The cycle for a school district budget is to have a draft prepared for public display a month prior to the adoption of the tentative policy document. This will be accomplished in August. The special meeting on September 12 will feature Mr. Rosales providing an overview of the summer work completed with Ms. Varhalla walking the Board through the tentative FY 2023 Budget prior to the Board holding its public hearing and approval of the document at the September 26 regular meeting.

There will be an opportunity to ask questions of both Mr. Reiniche following their presentation.
