BBB (LEGAL)

Adopted 11-6-2025

ELECTION DATE

School Boards have the option to **move their general elections for board members to the November uniform election date.** This change must be adopted by board resolution no later than December 31, 2030.

MODIFICATION OF TRUSTEE TERMS

School Boards have the option to adopt **modify the length of trustee terms.** The resolution must explicitly detail how the transition in term lengths will occur.

BUDGET

- May elections cost approximately \$50k. Shifting to a bi-annual election cycle (four-year terms) would offer cost savings of approximately \$50k every two years.
- Research showed the November elections cost **twice as much** as May elections due to fewer entities participating.
