

Applegate Valley Virtual Academy

Applegate Valley Virtual Academy (AVVA) was established in 2025.

It is a virtual charter school sponsored by Three Rivers.

Began with Fall 2025 enrollment.

There were 104 students enrolled for the fall semester.

Mid-Year update

Mid-year enrollment should be about 438 students.

Many of the students at AVVA reside in other Districts.

We will continue to monitor the work load and have identified areas of support that we will need additional staff for.

Moving Forward

January 2026 Applegate Valley Virtual Academy's board will meet with Three Rivers to discuss the Fall 2026 enrollment cap.

June 2026 AVVA will present the Charter School report and recap for the Board. This will include a financial report.
