ACTION

BACKGROUND INFORMATION

The Board has requested and we solicited estimates for repairs to roofing at OHS. We had one responder prepare proposals for both desired projects at this site.

A detailed copy of the proposal we received will be provided in hand at meeting.

ADMINISTRATIVE RECOMMENDATION

Parsons Roofing is a reputable firm that does a lot of school work. Although we contacted several firms to solicit proposals, only Parsons was interested in these relatively small projects. Their proposals represent good value with good warranty and they can complete the work in a timeframe desired by us.

I recommend approval of Parsons' proposal to repair the internal guttering at OHS Main and to resurface / encapsulate the Fitness Center roof.
