

SAC Report for April 17, 2019

Hopson Middle School

6501 Transit Street, Utqiagvik, AK 99723

Enrollment:

6=89

7=92

8=94

Total=275

Highlights:

1. Radio show. Received some great reports from the community on involving students.
2. Several students (17) and two teachers in Anchorage at the ANSEP opportunity.
3. Ski School is in progress. Many students look forward to this opportunity every year. Several students have improved in grades and attendance so that they would not miss this opportunity.
4. Many students taking opportunities to get extra help in afterschool tutoring sessions.
5. Inservice Day-Wonderful opportunity for teachers to reflect on year and use research base information on scheduling and behavior to plan for the 2019-2020 school year. Time given at this time of the year is so crucial to effective planning for the next school year.
6. Dress Code Committee-Synthesizing information from committees into a draft and we will get to the SAC for their feedback.
7. Jesse Lebeau was a huge success. Students had fun, listened and gained a sense of importance of not letting barriers keep them from their dreams. Jesse spent time after the main event listening to students talk about their hopes and dreams.

Challenges:

1. Searching for new quality staff: 6th grade Language Arts, 2 Sped teachers, and an ILT teacher
2. Receiving more coordinated mental health and child services.
3. Update needed on student use of cell phones during the school day.
