

SCHOOL BOARD MEETING REPORT

Board Meeting Date: Sept. 18, 2019 **Superintendent:** Dave Valenzuela

Administrator/Staff: Ric Ross / Maintenance

Type of Item: *Informational* *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

The TRSD maintenance department requests approval for HVAC techs Gene Pavlich and Don Manion to attend Daikin Training courses offered by Thermal Supply Inc. in Fife, Washington November 5-6, 2019. We have applied for Classified Professional Development funds to pay for the training.

Provide history/background information on your proposal:

TRSD is installing more ductless mini splits in schools and more training is needed.

List the advantages of your proposal:

HVAC techs will be able to troubleshoot and not have to rely on outside contractors.

List possible disadvantages of your proposal:

None

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

Superintendent's recommendation(s):

Approve: Yes No

Daikin Ductless Installation & Start-Up TD-7

Course ID: RIS008

Prerequisites: None

Course Description: Students will be able to properly install and start-up Daikin Ductless systems using preferred servicing equipment and procedures.

The course includes an introduction to the offered product lines, while thoroughly covering piping and wiring rules for each system family.

Students will participate in hands-on exercises to practice with the tools and controls recommended for use by Daikin.

Upon completion of this course, students will know the proper techniques for installation, as well as correct start-up procedures to ensure a fully operational Ductless 4-wire system.

Course Length: 1-Day (Classes begin at 8:30 am and end at 4:30 pm Local Time)

Course Cost: \$100

Course Includes:

- Breakfast and Lunch
- Training Books & Materials
- Certificate of Completion

Course Locations:

- Thermal Supply Fife, Washington
- Thermal Supply Spokane, Washington
- Seasonal Mobile Locations

Course Instructors:

- Eric Baker

Attendance Cap:

- 12 Students per class

Additional Notes:

- All Classes require attendees to wear closed toe footwear.
- Laptops are not required for this course.

Daikin Ductless Service & Troubleshooting TD-8

Course ID: RST008

Prerequisites: None

Course Description: This course covers how to properly service and troubleshoot the Daikin Ductless System.

The course includes a detailed overview of the basic operation and controls principles used by Daikin systems.

Students will participate in hands-on exercises to inspect and diagnose systems, using tools exclusive to Daikin such as D-Checker & DC Fan Motor Checker.

Upon completion of this course, students will better understand how an inverter system operates and be able to apply that knowledge to diagnose problematic systems.

Course Length: 1-Day (Classes begin at 8:30 am and end at 4:30 pm Local Time)

Course Cost: \$100
