PHYLLIS DANIELSON
Assistant Superintendent

JULIE ASHBECK
Administrative/Board Secretary
Personnel Director

RHONDA LORENZ
Business Manager
Deputy Clerk

To the Morrow County School District Board of Directors;

It is my intention to retire at the end of the current school year, June 30, 2011. It has been an honor to work with you as your superintendent.

We can be proud of our many accomplishments over the last seven years. I believe the board has instilled a spirit of trust and cooperation among the communities in our county as evidenced by the positive vote in our local option levy. We have taken care of our infrastructure with several major projects completed and our finances are relatively sound considering the economic reality of these times. Most importantly the academic performance of our students and teachers has been impressive and continues to improve.

I am confident that given the leadership of the board, the skills of the administrative team, the support of our patrons, and the dedication of our staff the children of Morrow County will continue to prosper in their school district.

Very Sincerely;
