## Scope of Work

Numbered updates involve timely monitoring of statutory sources and regulations, comprehensive review of affected policies, and revisions that are both substantive and related to format, to ensure the legally referenced policies reflect current laws and regulations.

Legal policies are drafted and revised by TASB Policy and Legal Services, including attorneys who spend many hours monitoring, researching, analyzing, and drafting. Update 124 took more than 200 legal hours to complete. At a conservative cost of \$250 per hour, this legal work provides an approximate value of \$50,000.

## (LEGAL) vs. (LOCAL): Remember the Difference

Legal policies:

- Reflect the ever-changing legal context for governance and management of the district
- Inform local decision making
- Are NOT adopted, but only reviewed

Local policies:

- Require close attention by the administration and the board
- Reflect the practices of the district and the intentions of the board
- Are changed only by board action (adopt, revise, or repeal)

## **Keep Your Administrative Regulations Current**

<u>Regulations Resource Manual</u><sup>6</sup> Update 70, which includes revisions to model regulations and forms corresponding with Update 124, is available through the Governance and Management Library (*TASB login required*).

Inspect your district's administrative procedures and documents — including exhibits, regulations, handbooks, and guides — that may be affected by Update 124 policy changes.

If you need to make changes to the regulations or exhibits contained in your board policy manual, please notify your policy consultant.

Compliance Investigation	A compliance investigation is an investigation by TEA of a state ed- ucation grant recipient to determine compliance with the statutory or rule requirements of a state education program. A compliance investigation is not a special investigation subject to Education Code 39.003 and 39.004 (above). <i>19 TAC 102.1401(a)(1)</i>
Supervision Under IDEA	In exercising its general supervision authority under 34 C.F.R. sec- tions 300.149 and 300.600, TEA has established a process that provides for the investigation and issuance of findings regarding credible allegations of violations of the Individuals with Disabilities Education Act (IDEA), Part B, or a state statute or administrative rule created to implement IDEA, that arise from an area of concern. The following guidelines shall apply to this process.
Definitions	"Area of concern" means that TEA has been made aware of an al- legation regarding a violation of, or noncompliance with, a require- ment of IDEA, Part B, or a state special education law or adminis- trative rule.
	"Credible allegation" means that TEA has determined that an alle- gation arising from an area of concern is credible enough to inves- tigate further to determine if a violation or noncompliance has oc- curred.
Credibility Determination	Information and awareness of an area of concern may arise di- rectly from TEA or from external sources.
	TEA will engage in a process to determine if an area of concern is determined to be a credible allegation, and, if determined credible, TEA will initiate an investigation to determine if findings of noncompliance will be issued.
	TEA will generally not engage in the process described below to determine if an area of concern is a credible allegation if it is a me- dia report, social media post, or an anonymous report, unless TEA receives corroborating information and facts that a specific viola- tion of state or federal law or rule has occurred if the allegation were to be confirmed true.
	When an individual or organization reports a special education area of concern, TEA may direct the individual or organization to the established dispute resolution processes. Depending on the frequency or specificity of the type of allegation made, TEA may engage in a process to determine credibility of the allegation.

Procurement Standards Documented Procurement Procedures	The district must maintain and use documented procedures for procurement transactions under a federal award or subaward, in- cluding for acquisition of property or services. These documented procurement procedures must be consistent with state, local, and tribal laws and regulations and the standards identified in 2 C.F.R. 200.317 through 200.327. [See also 2 C.F.R. 200.501 (Audit Re- quirements)]
Oversight of Contractors	The district must maintain oversight to ensure that contractors per- form in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
Conflicts of Interest	The district must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts. No employee, officer, agent, or board member with real or apparent conflict of interest may participate in the selection, award, or administration of a contract supported by the federal award. A conflict of interest includes when the employee, officer, agent, or board member, any member of their immediate family, their partner, or an organization that employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from an entity considered for a contract. An employee, officer, agent, and board member of the district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors. However, districts may set standards for situations where the financial interest is not substantial or a gift is an unsolicited item of nominal value. The district's standards of conduct must also provide for disciplinary actions to be applied for violations by its employees, officers, agents, or board members. [See BBFA, CAA(LO-CAL), CB(LOCAL), DBD]
Procurement Records	The district must maintain records sufficient to detail the history of each procurement transaction. These records must include the ra- tionale for the procurement method, contract type selection, con- tractor selection or rejection, and the basis for the contract price. [See Pre-procurement Review and Contract Cost and Price, below]
	2 C.F.R. 200.318(a), (b), (c)(1), (i)
	[See 2 C.F.R. 200.334 for record retention requirements.]
Financial Management	The district's financial management systems, including records documenting compliance with federal statutes, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by the terms and condi- tions; and tracking expenditures to establish that funds have been used in accordance with federal statutes, regulations, and the

terms and conditions of the federal award. [See 2 C.F.R. 200.450 (Lobbying)]

The district's financial management system must comply with 2 C.F.R. 200.302(b). [See 2 C.F.R. 200.334 (Retention requirements for records), .335 (Requests for transfer of records), .336 (Methods for collection, transmission and storage of information), and .337 (Access to records)]

2 C.F.R. 200.302

Internal Controls The district must:

- 1. Establish, document, and maintain effective internal control over the federal award that provides reasonable assurance that the district is managing the award in compliance with federal statutes, regulations, and the terms and conditions of the award. These internal controls should align with the guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control-Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- 2. Comply with the U.S. Constitution, federal statutes, regulations, and the terms and conditions of the federal award.
- 3. Evaluate and monitor the district's compliance with statutes, regulations, and the terms and conditions of federal awards.
- 4. Take prompt action when instances of noncompliance are identified.
- 5. Take reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information and other types of information. This also includes information the federal agency or pass-through entity designates as sensitive or other information the district considers sensitive and is consistent with applicable federal, state, local, and tribal laws regarding privacy and responsibility over confidentiality.

#### 2 C.F.R. 200.303

"Internal control" for districts means processes designed and implemented by districts to provide reasonable assurance regarding the achievement of objectives in the following categories:

- 1. Effectiveness and efficiency of operations;
- 2. Reliability of reporting for internal and external use; and

	3. Compliance with applicable laws and regulations.
	2 C.F.R. 200.1
Competition	All procurement transactions under the federal award must be con- ducted in a manner that provides full and open competition and is consistent with the standards of 2 C.F.R. 200.319 and 200.320 (Methods of procurement to be followed).
	To ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifica- tions, requirements, statements of work, or invitations for bids must be excluded from competing on those procurements.
	The district must have written procedures for procurement transac- tions. These procedures must ensure that all solicitations meet the requirements of 2 C.F.R. 200.319(d).
	The district must ensure that all prequalified lists of persons, firms, or products used in procurement transactions are current and in- clude enough qualified sources to ensure maximum open competi- tion. When establishing or amending prequalified lists, the district must consider objective factors that evaluate price and cost to maximize competition. The district must not preclude potential bid- ders from qualifying during the solicitation period.
	To the extent consistent with established practices and legal re- quirements applicable to the district, 2 C.F.R. Part 200, Subpart D does not prohibit districts from developing written procedures for procurement transactions that incorporate a scoring mechanism that rewards bidders that commit to specific numbers and types of U.S. jobs, minimum compensation, benefits, on-the-job-training for employees making work products or providing services on a con- tract, and other worker protections. Subpart D also does not pro- hibit districts from making inquiries of bidders about these subjects and assessing the responses. Any scoring mechanism must be consistent with the U.S. Constitution, applicable federal statutes and regulations, and the terms and conditions of the federal award.
	Noncompetitive procurements can only be awarded in accordance with 2 C.F.R. 200.320(c).
	2 C.F.R. 200.319
Procurement Methods	For informal procurement methods (for micro-purchases and sim- plified acquisitions), formal procurement methods (through sealed bids or proposals), and noncompetitive procurement methods, the

district must maintain and use documented procurement procedures, consistent with the standards of 2 C.F.R. 200.320 and

	200.317 (Procurements by states), 200.318 (General procurement standards), and 200.319 (Competition). <i>2 C.F. R. 200.320</i>		
Informal Procurement Methods for Small Purchases	These procurement methods expedite the completion of transac- tions, minimize administrative burdens, and reduce costs. Informal procurement methods may be used when the value of the procure- ment transaction under the federal award does not exceed the sim- plified acquisition threshold, as defined in 2 C.F.R. 200.1. The dis- trict may also establish a lower threshold. Informal procurement methods include:		
Micro- Purchases — Definitions	"Micro-purchase" means an individual procurement transaction for supplies or services, the aggregate amount of which does not ex- ceed the micro-purchase threshold. Micro-purchases comprise a subset of a district's small purchases using informal procurement methods as set forth in 2 C.F.R. 200.320.		
	"Micro-purchase threshold" means the dollar amount at or below which a district may purchase property, or services using micro- purchase procedures. Generally, except as provided below, the mi- cro-purchase threshold for procurement activities administered un- der federal awards is not to exceed the amount set by the Federal Acquisition Regulations (FAR) at 48 C.F.R. Part 2, Subpart 2.1 [see below], unless a higher threshold is requested by the district and approved by the cognizant agency for indirect costs.		
	2 C.F.R. 200.1		
	Micro-purchase threshold means \$10,000, except as provided by 48 C.F.R. 2.101. <i>48 C.F.R. 2.101</i>		
Micro- Purchase Distribution	The aggregate amount of the procurement transaction does not exceed the micro-purchase threshold. [See the definition of "micro-purchase" above.] To the extent practicable, the district should distribute micro-purchases equitably among qualified suppliers. $2 C.F.R. 200.320(a)(1)(i)$		
Micro- Purchase Awards	Micro-purchases may be awarded without soliciting competitive price or rate quotations if the district considers the price reasonable based on research, experience, purchase history, or other information; and maintains documents to support its conclusion. Purchase cards may be used as a method of payment for micro-purchases. 2 $C.F.R. 200.320(a)(1)(ii)$		
Micro- Purchase Thresholds	The district is responsible for determining and documenting an ap- propriate micro-purchase threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. The micro-purchase threshold used by the district must be autho- rized or not prohibited under state, local, or tribal laws or regula- tions. Districts may establish a threshold higher than the federal		

threshold established in the FAR in accordance with 2 C.F.R. 200.320(a)(1)(iv) and (v). 2 C.F.R. 200.320(a)(1)(iii)

Districts may establish a threshold higher than the micro-purchase threshold identified in the FAR in accordance with the requirements of 2 C.F.R. 200.320. The district may self-certify a threshold up to \$50,000 on an annual basis and must maintain documentation to be made available to the federal agency or pass-through entity and auditors in accordance with 2 C.F.R. 200.334. The self-certification must include a justification, clear identification of the threshold, and supporting documentation of any of the following:

- 1. A qualification as a low-risk auditee, in accordance with the criteria in 2 C.F.R. 200.520 for the most recent audit.
- 2. An annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or,
- 3. For public institutions, a higher threshold is consistent with state law.

2 C.F.R. 200.320(a)(1)(iv)

Micro-purchase thresholds higher than \$50,000 must be approved by the cognizant agency for indirect costs. The district must submit a request that includes the requirements in 2 C.F.R. 200.320(a)(1)(iv). The increased threshold is valid until any factor that was relied on in the establishment and rationale of the threshold changes. 2 C.F.R. 200.320(a)(1)(v)

Simplified Acquisitions— Procedures The aggregate dollar amount of the procurement transaction is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold. If simplified acquisition procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources. Unless specified by the federal agency, the district may exercise judgment in determining what number is adequate. 2 C.F.R. 200.320(a)(2)(i)

Simplified Acquisitions— Thresholds "Simplified acquisition threshold" means the dollar amount below which a district may purchase property or services using small purchase methods. Districts adopt small purchase procedures in order to expedite the purchase of items at or below the simplified acquisition threshold. The simplified acquisition threshold for procurement activities administered under federal awards is set by the FAR at 48 C.F.R. Part 2, Subpart 2.1 [see below]. The district is responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures, which may be lower than, but must not exceed, the threshold established in the FAR. 2 C.F.R. 200.1, .320(a)(2)(ii)

Simplified acquisition threshold means \$250,000, except as provided by 48 C.F.R. 2.101. *48 C.F.R. 2.101* 

- Formal Procurement methods are required when the value of the procurement Methods Formal procurement transaction under a federal award exceeds the simplified acquisition threshold of the district. Formal procurement methods are competitive and require public notice. The following formal methods of procurement are used for procurement transactions above the simplified acquisition threshold determined by the district in accordance with 2 C.F.R.200.320(a)(2)(ii) [Simplified Acquisitions Thresholds, above].
  - Sealed Bids Sealed bids are a procurement method in which bids are publicly solicited through an invitation and a firm fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid conforms with all the material terms and conditions of the invitation and is the lowest in price. The sealed bids procurement method is preferred for procuring construction services.

For sealed bidding to be feasible, the following conditions should be present:

- 1. A complete, adequate, and realistic specification or purchase description is available;
- 2. Two or more responsible bidders have been identified as willing and able to compete effectively for the business; and
- 3. The procurement lends itself to a firm-fixed-price contract, and the selection of the successful bidder can be made principally based on price.

If sealed bids are used, the following requirements apply:

- Bids must be solicited from an adequate number of qualified sources, providing them with sufficient response time prior to the date set for opening the bids. Unless specified by the federal agency, the district may exercise judgment in determining what number is adequate. For local governments, the invitation for bids must be publicly advertised.
- 2. The invitation for bids must define the items or services with specific information, including any required specifications, for the bidder to properly respond.
- 3. All bids will be opened at the time and place prescribed in the invitation for bids. For local governments, the bids must be opened publicly.
- 4. A firm-fixed-price contract is awarded in writing to the lowest responsive bid and responsible bidder. When specified in the

		invitation for bids, factors such as discounts, transportation cost, and life-cycle costs must be considered in determining which bid is the lowest. Payment discounts must only be used to determine the low bid when the district determines they are a valid factor based on prior experience.		
	5.	The district must document and provide a justification for all bids it rejects.		
	2 C.F.R. 200.320(b)(1)			
Proposals	Proposals are a procurement method used when conditions are not appropriate for using sealed bids. This procurement method may result in either a fixed-price or cost-reimbursement contract. They are awarded in accordance with the following requirements:			
	1.	Requests for proposals require public notice, and all evalua- tion factors and their relative importance must be identified. Proposals must be solicited from multiple qualified entities. To the maximum extent practicable, any proposals submitted in response to the public notice must be considered.		
	2.	The district must have written procedures for conducting tech- nical evaluations and making selections.		
	3.	Contracts must be awarded to the responsible offeror whose proposal is most advantageous to the district considering price and other factors.		
	4.	The district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby the offeror's qualifica- tions are evaluated, and the most qualified offeror is selected, subject to negotiation of fair and reasonable compensation. The method, where the price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms that are a potential source to perform the pro- posed effort.		
	2 C	.F.R. 200.320(b)(2)		
Noncompetitive Procurement	There are specific circumstances in which the district may use a noncompetitive procurement method. The noncompetitive procurement method may only be used if one of the following circumstances applies;			
	1.	The aggregate amount of the procurement transaction does not exceed the micro-purchase threshold;		

	2.	The procurement transaction can only be fulfilled by a single source;			
	3.	The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a com- petitive solicitation;			
	4.	The district requests in writing to use a noncompetitive pro- curement method, and the federal agency or pass-through entity provides written approval; or			
	5.	After soliciting several sources, competition is determined in- adequate.			
	2 C.F.R. 200.320(c)				
Procurement Arrangements Using Strategic Sourcing	good and for p rang and ing s mer	en appropriate for the procurement or use of common or shared ds and services, districts are encouraged to enter into state local intergovernmental agreements or inter-entity agreements procurement transactions. These or similar procurement ar- gements using strategic sourcing may foster greater economy efficiency. Documented procurement actions of this type (us- strategic sourcing, shared services, and other similar procure- nt arrangements) will meet the competition requirements of 2 R. Part 200. 2 C.F.R. 200.318(e)			
Small, Minority, Women's, and Veteran-Owned Businesses	When possible, the district should ensure that small businesses, minority businesses, women's business enterprises, veteran- owned businesses, and labor surplus area firms (See U.S. Depart- ment of Labor's list) are considered as set forth below. Such con- sideration means:				
	1.	These business types are included on solicitation lists;			
	2.	These business types are solicited whenever they are deemed eligible as potential sources;			
	3.	Dividing procurement transactions into separate procure- ments to permit maximum participation by these business types;			
	4.	Establishing delivery schedules (for example, the percentage of an order to be delivered by a given date of each month) that encourage participation by these business types;			
	5.	Utilizing organizations such as the Small Business Adminis- tration and the Minority Business Development Agency of the Department of Commerce; and			

6. Requiring a contractor under a federal award to apply items 1 through 5 above to subcontracts.

#### 2 C.F.R. 200.321

DomesticThe district should, to the greatest extent practicable and consis-<br/>tent with law, provide a preference for the purchase, acquisition, or<br/>use of goods, products, or materials produced in the United States<br/>(including but not limited to iron, aluminum, steel, cement, and<br/>other manufactured products). The requirements of 2 C.F.R.<br/>200.322 must be included in all subawards, contracts, and pur-<br/>chase orders under federal awards.

For purposes of this provision:

- 1. "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- 2. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

### 2 C.F.R. 200.322

Pre-procurement	When requested, the district must provide procurement documents
Review	(such as requests for proposals, invitations for bids, or independent
	cost estimates) to the federal agency or pass-through entity for
	pre-procurement review. The federal agency or pass-through entity
	may conduct a pre-procurement review when:

- 1. The district's procurement procedures or operation fails to comply with the procurement standards in 2 C.F.R. Part 200;
- The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition, or only one bid is expected to be received in response to a solicitation;
- 3. The procurement is expected to exceed the simplified acquisition threshold and specifies a "brand name" product;
- 4. The procurement is expected to exceed the simplified acquisition threshold, and sealed bid procurement is to be awarded to an entity other than the apparent low bidder; or

	5. A proposed contract modification changes the scope of a con- tract or increases the contract amount by more than the sim- plified acquisition threshold.
	2 C.F.R. 200.325(b)
Contract Cost and Price	The district must perform a cost or price analysis for every procure- ment transaction, including contract modifications, in excess of the simplified acquisition threshold. The method and degree of analy- sis conducted depend on the facts surrounding the particular pro- curement transaction. For example, districts should consider po- tential workforce impacts in their analysis if the procurement transaction will displace public sector employees. However, as a starting point, the district must make independent estimates before receiving bids or proposals.
	Costs or prices based on estimated costs for contracts under the federal award are allowable only to the extent that the costs in- curred or cost estimates included in negotiated prices would be al- lowable for the district under 2 C.F.R. Part 200, Subpart E. The dis- trict may reference its own cost principles as long as they comply with 2 C.F.R. Part 200, Subpart E.
	The district must not use the "cost plus a percentage of cost" and "percentage of construction costs" methods of contracting.
	2 C.F.R. 200.324
Contract Provisions	The district's contracts must contain the applicable provisions de- scribed in appendix II of 2 C.F.R. Part 200. 2 C.F.R. 200.327
Suspension and Debarment	Districts are subject to the nonprocurement debarment and sus- pension regulations implementing Executive Orders 12549 and 12689, as well as 2 C.F.R. Part 180. These regulations restrict making federal awards, subawards, and contracts with certain par- ties that are debarred, suspended, or otherwise excluded from re- ceiving or participating in federal awards. <i>2 C.F.R. 200.214</i>
Remedies for Noncompliance	The federal agency or pass-through entity may implement specific conditions if the district fails to comply with the U.S. Constitution, federal statutes, regulations, or terms and conditions of the federal award. See 2 C.F.R. 200.208 for additional information on specific conditions. When the federal agency or pass-through entity determines that noncompliance cannot be remedied by imposing specific conditions, the federal agency or pass-through entity may take one or more of the following actions:
	1. Temporarily withhold payments until the district takes correc- tive action.

	2.	Disallow costs for all or part of the activity associated with the noncompliance of the district.				
	3.	Suspend or terminate the federal award in part or in its en- tirety.				
	4.	Initiate suspension or debarment proceedings as authorized in 2 C.F.R. Part 180 and the federal agency's regulations, or for pass-through entities, recommend suspension or debar- ment proceedings be initiated by the federal agency.				
	5.	Withhold further federal funds (new awards or continuation funding) for the project or program.				
	6.	Pursue other legally available remedies.				
	2 C	.F.R. 200.339				
Travel Costs	Travel costs include the transportation, lodging, subsistence, and related items incurred by employees who are in travel status on of- ficial business of the district. These costs may be charged on an actual cost basis, on a per diem or mileage basis, or on a combina- tion of the two, provided the method used is applied to an entire trip and not to selected days of the trip. The method used must be consistent with those normally allowed in like circumstances in the district's other activities and in accordance with the district's estab- lished written policies.

The district must submit an inventory listing of federally owned property in its custody to the federal agency or pass- through entity on an annual basis. The district must request dispo- sition instructions from the federal agency of pass-through entity upon completion of the federal award or when the property is no longer needed.

Equipment *Title and Use Title and Use* Title to equipment acquired under the federal award will vest upon acquisition in the district subject to the conditions of 2 C.F.R. 200.313. This title must be a conditional title unless a federal statute specifically authorizes the federal agency to vest title in the district without further responsibility to the federal government (and the federal agency elects to do so). A conditional title means a clear title is withheld by the federal agency until conditions and requirements specified in the terms and conditions of a federal award have been fulfilled. Title for equipment vested in a district is subject to the following conditions:

- 1. Use the equipment for the authorized purposes of the project during the period of performance, or until the property is no longer needed for the purposes of the project.
- 2. While the equipment is being used for the originally authorized purpose, the district must not dispose of or encumber its title or other interests without the approval of the federal agency or pass-through entity.
- 3. Use and dispose of the property in accordance with the provisions below.

The district must use equipment for the project or program for which it was acquired and for as long as needed in accordance with 2 C.F.R. 200.313(c).

Regardless of whether equipment is acquired in part or in its entirety under the federal award, the district must manage equipment (including replacement equipment) utilizing procedures that meet the requirements of 2 C.F.R. 200.313(d).

*Disposition* If the district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

When equipment acquired under a federal award is no longer needed for the original project, program, or for other activities currently or previously supported by a federal agency, the district must request disposition instructions from the federal agency or passthrough entity if required by the terms and conditions of the federal award. Disposition of the equipment will be made as prescribed in

	2 C.F.R. 200.313(e), in accordance with federal agency or pass- through entity disposition instructions.
	2 C.F.R. 200.313
Supplies	Title to supplies acquired under the federal award will vest upon acquisition in the district. When there is a residual inventory of unused supplies exceeding \$10,000 in aggregate value at the end of the period of performance, and the supplies are not needed for any other federal award, the district may retain or sell the unused supplies. Unused supplies means supplies that are in new condition, not having been used or opened before. The federal agency or pass-through entity is entitled to compensation in an amount calculated under 2 C.F.R. 200.314(a). 2 C.F.R. 200.314(a)
Intangible Property	Title to intangible property acquired under a federal award vests upon acquisition in the district. The district must use that intangible property for the originally authorized purpose and must not encumber the property without the approval of the federal agency or pass-through entity. When no longer needed for the originally authorized purpose, disposition of the intangible property must occur in accordance with the provisions in 2 C.F.R. 200.313(e). 2 C.F.R. 200.315(a)

Financial Accountability Rating System (School FIRST)	TEA will assign a financial accountability rating to each district as required by Education Code 39.082.
	TEA will base the financial accountability rating of a district on its overall performance on the financial measurements, ratios, and other indicators established by the commissioner as shown in the figures provided in 19 Administrative Code 109.1001(e). Financial accountability ratings for a rating year are based on the data from the immediate prior fiscal year.
	A financial accountability rating remains in effect until replaced by a subsequent rating.
	19 TAC 109.1001(b), (e), (l)
Issuance of Ratings	TEA will issue a preliminary financial accountability rating to a dis- trict on or before August 8 of each year. TEA will not delay the is- suance of a preliminary or final rating if a district fails to meet the statutory deadline under Education Code 44.008 for submitting the annual financial report (AFR). Instead, the district will receive an F rating for substandard achievement.
Appeals	A district may appeal its preliminary financial accountability rating through the appeals process described at 19 Administrative Code 109.1001(n).
	If TEA receives an appeal of a preliminary rating, TEA will issue a final rating to the district no later than 60 days after the deadline for submitting appeals. If TEA does not receive an appeal of a preliminary rating, the preliminary rating automatically becomes a final rating 31 days after issuance of the preliminary rating.

Definition of	"Disability" means:		
Disability	<ol> <li>An actual disability: a physical or mental impairment [see defi- nition, below] that substantially limits one or more of an indi- vidual's major life activities;</li> </ol>		
	2. A record of having such an impairment; or		
	3. Being regarded as having such an impairment.		
	An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a dis- ability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.		
"Regarded as" Having an Impairment	An individual meets the requirement of being "regarded as" having an impairment if the individual establishes that he or she has been subjected to an action prohibited by the ADA because of an actual or perceived physical or mental impairment whether or not the im- pairment limits or is perceived to limit a major life activity.		
Transitory and Minor	The "regarded as" prong of the definition does not apply to impair- ments that are transitory or minor. A transitory impairment is one with an actual or expected duration of six months or less. The "transitory" exception does not apply to the "actual disability" or "record of disability" prongs of the definition.		
Mitigating Measures	The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures, such as medication, medical supplies, low-vision devices, prosthetics, hearing aids, mobility de-		

	vices, oxygen therapy, assistive technology, or learned behavioral or adaptive neurological modifications.		
	The ameliorative effects of ordinary eyeglasses or contact lenses shall be considered in determining whether an impairment substan- tially limits a major life activity. Ordinary eyeglasses and contact lenses are lenses that are intended to fully correct visual acuity or to eliminate refractive error.

Other Definitions	"Physical or mental impairment" means:		
Physical or Mental Impairment	<ol> <li>Any physiological disorder or condition, cosmetic disfigure- ment, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, repro- ductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine; or</li> </ol>		
	<ol> <li>Any mental or psychological disorder, such as an intellectual disability (formerly termed "mental retardation"), organic brain syndrome, emotional or mental illness, and specific learning disabilities.</li> </ol>		
	29 C.F.R. 1630.2(h)		
Major Life Activities	"Major life activities" include caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working.		
	"Major life activities" also include the operation of major bodily functions, including functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardio- vascular, endocrine, hemic, lymphatic, musculoskeletal, and repro- ductive functions. The operation of a major bodily function includes the operation of an individual organ within the body system.		
	42 U.S.C. 12102(2); 29 C.F.R. 1630.2(i); Labor Code 21.002		
Qualified	"Qualified individual" means an individual who:		
Individual	<ol> <li>Satisfies the requisite skill, experience, education, and other job-related requirements of the employment position such in- dividual holds or desires; and</li> </ol>		

	2. With or without reasonable accommodation, can perform the essential functions of such position. Consideration shall be given to a district's judgment as to what functions of a job are essential. A written job description prepared before advertising or interviewing applicants for the job is evidence of the job's essential functions.
	42 U.S.C. 12111(8); 29 C.F.R. 1630.2(m)
Reasonable Accommodations	A district is required, absent undue hardship, to make a reasonable accommodation to an otherwise qualified individual who meets the definition of disability under the "actual disability" or "record of disability" prongs. A district is not required to provide a reasonable accommodation to an individual who meets the definition of disability solely under the "regarded as" prong. 42 U.S.C. 12112(b)(5); 29 C.F.R. 1630.2(o)(4), .9; 29 U.S.C. 794; 34 C.F.R. 104.11; Labor Code 21.128 [See DBB regarding medical examinations and inquiries under the ADA]
	"Reasonable accommodation" includes:
	<ol> <li>Making existing facilities used by employees readily accessi- ble to and usable by individuals with disabilities; and</li> </ol>
	2. Job restructuring, part-time or modified work schedules, reas- signment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or modification of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommo- dations for individuals with disabilities.

	"Undue hardship" means an action requiring significant difficulty or expense when considered in light of the nature and cost of the ac- commodation needed, overall financial resources of the affected facility and the district, and other factors set out in law. 42 U.S.C. 12111(10); 29 C.F.R. 1630.2(p); 34 C.F.R. 104.12(c)
Discrimination Based on Relationship	A district shall not exclude or deny equal jobs or benefits to, or oth- erwise discriminate against, a qualified individual because of the known disability of an individual with whom the qualified individual is known to have a family, business, social, or other relationship or association. 42 U.S.C. 12112(b)(4); 29 C.F.R. 1630.8; 34 C.F.R. 104.11
Illegal Drugs and Alcohol	The term "qualified individual with a disability" does not include any employee or applicant who is currently engaging in the illegal use of drugs, when a district acts on the basis of such use.

Drug Testing	A district is not prohibited from conducting drug testing of employ- ees and applicants for the illegal use of drugs or making employ- ment decisions based on the results of such tests.
	42 U.S.C. 12114(c), (d); Labor Code 21.002(6)(A) [See DHE]
Alcohol Use	The term "qualified individual with a disability" does not include an individual who is an alcoholic and whose current use of alcohol prevents the employee from performing the duties of his or her job or whose employment, by reason of such current alcohol abuse, would constitute a direct threat to property or the safety of others. <i>42 U.S.C. 12114(a); 29 U.S.C. 705(20)(C); 29 C.F.R. 1630.3(a); 28 C.F.R. 35.104; Labor Code 21.002(6)(A)</i>
Qualification Standards	It is unlawful for a district to use qualification standards, employ- ment tests, or other selection criteria that screen out or tend to screen out an individual with a disability or a class of individuals with disabilities, on the basis of disability, unless the standard, test, or other selection criteria, as used by the district, is shown to be job related for the position in question and is consistent with business necessity. 29 C.F.R. 1630.10(a)
Direct Threat to Health or Safety	As a qualification standard, a district may require that an individual not pose a direct threat to the health or safety of other individuals in the workplace. "Direct threat" means a significant risk to the health or safety of the individual or others that cannot be eliminated by reasonable accommodation. <i>42 U.S.C. 12111(3); 29 C.F.R. 1630.2(r); Labor Code 21.002(6)(B)</i>
Vision Standards and Tests	A district shall not use qualification standards, employment tests, or other selection criteria based on an individual's uncorrected vision unless the standard, test, or other selection criteria, as used by the district, is shown to be job-related for the position in question and consistent with business necessity. <i>42 U.S.C. 12113(c); 29 C.F.R. 1630.10(b); Labor Code 21.115(b)</i>
Communicable Diseases	A district may refuse to assign or continue to assign an individual to a job involving food handling if the individual has an infectious or communicable disease that is transmitted to others through handling of food. <i>42 U.S.C. 12113(e); 29 U.S.C. 705(20)(D); 29 C.F.R. 1630.16(e); Labor Code 21.002(6)(B)</i>

[See Reasonable Accommodations, above]

Notwithstanding the going, a cause of action for disparate impact is not available er GINA. <i>42 U.S.C. 2000ff-1(a); 29 C.F.R. 1635.4</i>	
Acquisition	Except as set forth below or otherwise provided in the GINA regulations, a district shall not request, require, or purchase genetic information of an individual or family member of the individual. <i>42</i> U.S.C. 2000ff-1(b); 29 C.F.R. 1635.8(a)		
	"Request" includes:		
	1.	Conducting an internet search on an individual in a way that is likely to result in a district's obtaining genetic information;	
	2.	Actively listening to third-party conversations or searching an individual's personal effects for the purpose of obtaining genetic information; and

	except as set forth in the GINA regulations. 29 C.F.R. 1635.9(b) [See Confidentiality, below]
Manifested Condition	A district shall not be considered to be in violation of the GINA reg- ulations based on the use, acquisition, or disclosure of medical in- formation about a manifested disease, disorder, or pathological condition of an employee or member, even if the disease, disorder, or pathological condition has or may have a genetic basis or com- ponent. However, genetic information about a manifested disease, disorder, or pathological condition is subject to the requirements and prohibitions of GINA. <i>29 C.F.R. 1635.12</i> .
	[For additional information about manifested disease, see 29 C.F.R. 1653.3(g).]
Inadvertent Acquisition	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where a district inadvertently re- quests or requires genetic information of the individual or family member of the individual. This exception applies in situations where a manager or supervisor learns genetic information about an individual by:
	<ol> <li>Overhearing a conversation between the individual and others;</li> </ol>
	2. Receiving the information during a casual conversation, in- cluding in response to an ordinary expression of concern that is the subject of the conversation. This exception does not ap- ply where a manager or supervisor follows up with questions that are probing in nature, such as whether other family mem- bers have the condition or whether the individual has been tested for the condition, because the supervisor or official should know that these questions are likely to result in the ac- quisition of genetic information;
	<ol> <li>Receiving unsolicited information (e.g., where a manager or supervisor receives an unsolicited email about the health of an employee's family member from a co-worker); or</li> </ol>
	4. Accessing a social media platform that the manager or super- visor was given permission to access by the creator of the profile at issue (e.g., a supervisor and employee are con- nected on a social networking site and the employee provides family medical history on their page).
	29 C.F.R. 1635.8(b)(1)(ii)
Exceptions Leave Requests	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where the district requests fam- ily medical history to comply with the certification provisions or the

	Family and Medical Leave Act (FMLA) or state or local family and medical leave laws, or pursuant to a policy (even in the absence of requirements of federal, state, or local leave laws) that permits the use of leave to care for a sick family member and that requires all employees to provide information about the health condition of the family member to substantiate the need for leave. 29 C.F.R. $1635.8(b)(3)$
	[For additional exceptions to the general prohibition against re- questing, requiring, or purchasing genetic information, see 29 C.F.R. 1635.8(b)(2)-(5).]
Requests for Medical Information	If a district acquires genetic information in response to a lawful re- quest for medical information, the acquisition of genetic information will not generally be considered inadvertent unless the district di- rects the individual and/or health-care provider from whom it re- quested medical information not to provide genetic information [see Safe Harbor, below]. 29 C.F.R. 1635.8(b)(1)(i)(A)
	Situations involving lawful requests for medical information include, for example:
	1. Requests for documentation to support a request for reason- able accommodation under federal, state, or local law;
	2. Requests for medical information as required, authorized, or permitted by federal, state, or local law, such as where an employee requests leave under the FMLA to attend to the employee's own serious health condition or where an employee complies with the FMLA's employee return to work certification requirements; or
	3. Requests for documentation to support leave that is not gov- erned by federal, state, or local laws requiring leave, as long as the documentation required to support the request other- wise complies with the requirements of the ADA and other laws limiting a district's access to medical information.
	29 C.F.R. 1635.8(b)(1)(i)(D)
Safe Harbor	Any receipt of genetic information in response to a request for medical information shall be deemed inadvertent if a district uses language such as the following:
	"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not pro- vide any genetic information when responding to this request for

	medical in-formation. 'Genetic information,' as defined by GINA, in- cludes an individual's family medical history, the results of an indi- vidual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic ser- vices, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an in- dividual or family member receiving assistive reproductive ser- vices."
	A district's failure to give such a notice or to use this or similar lan- guage will not prevent the district from establishing that a particular receipt of genetic information was inadvertent if the request for medical information was not likely to result in a district's obtaining genetic information (for example, where an overly broad response is received in response to a tailored request for medical informa- tion).
	29 C.F.R. 1635.8(b)(1)(i)(B), (C)
Employment Examinations	The prohibition on acquisition of genetic information applies to medical examinations related to employment. A district shall tell health-care providers not to collect genetic information, including family medical history, as part of a medical examination intended to determine the ability to perform a job.
Remedial Measures	A district shall take additional reasonable measures within its con- trol if it learns that genetic information is being requested or re- quired in medical examinations related to employment. Such rea- sonable measures may depend on the facts and circumstances under which a request for genetic information was made, and may include no longer using the services of a health-care professional who continues to request or require genetic information during medical examinations after being informed not to do so.

affected by, or arising out of pregnancy, childbirth, or related medical conditions that the employee or employee's representative has

	communicated to the district whether or not such condition meets the definition of disability specified in the ADA (42 U.S.C. 12102).
	"Known," in terms of limitation, means the employee or the em- ployee's representative has communicated the limitation to the em- ployer.
	"Limitation" means a physical or mental condition related to, af- fected by, or arising out of pregnancy, childbirth, or related medical conditions, of the specific employee in question.
	42 U.S.C. 2000gg(4); 29 C.F.R 1636.3(a)
Communicated to the Employer	"Communicated to the employer," with respect to a known limita- tion, means an employee or the employee's representative has made the employer aware of the limitation by communicating with a supervisor, a manager, someone who has supervisory authority for the employee or who regularly directs the employee's tasks (or the equivalent for an applicant), human resources personnel, or another appropriate official, or by following the steps in the district's policy to request an accommodation. The communication may be made orally, in writing, or by another effective means. The commu- nication need not be in writing, be in a specific format, use specific words, or be on a specific form in order for it to be considered "communicated to the employer." <i>29 C.F.R. 1636.3(d)</i>
Consideration of Mitigating Measures	The determination of whether an employee has a limitation shall be made without regard to the ameliorative effects of mitigating measures. The non-ameliorative effects of mitigating measures, such as negative side effects of medication or burdens associated with following a particular treatment regimen, may be considered when determining whether an employee has a limitation. <i>29 C.F.R. 1636.3(e)</i>
Qualified Employee	The term 'qualified employee' means an employee or applicant who, with or without reasonable accommodation, can perform the essential functions of the employment position, except that an em- ployee or applicant shall be considered qualified if:
	<ol> <li>Any inability to perform an essential function is for a tempo- rary period, where "temporary" means lasting for a limited time, not permanent, and may extend beyond "in the near fu- ture."</li> </ol>
	2. The essential function(s) could be performed in the near fu- ture. This determination is made on a case-by-case basis. If the employee is pregnant, it is presumed that the employee could perform the essential function(s) in the near future be- cause they could perform the essential function(s) within gen- erally 40 weeks of its suspension.

	3.	The inability to perform the essential function(s) can be rea- sonably accommodated. This may be accomplished by tem- porary suspension of the essential function(s) and the em- ployee performing the remaining functions of their position or, depending on the position, other arrangements, including, but not limited to: the employee performing the remaining func- tions of their position and other functions assigned by the cov- ered entity; the employee performing the functions of a differ- ent job to which the covered entity temporarily transfers or assigns the employee; or the employee being assigned to light duty or modified duty or participating in the covered en- tity's light or modified duty program.

Reasonable Accommodation		respect to an employee or applicant with a known limitation er the PWFA, reasonable accommodation includes:
	1.	Modifications or adjustments to a job application process that enable a qualified application with a known limitation under the PWFA to be considered for the position such qualified ap- plicant desires;
	2.	Modifications or adjustments to the work environment, or to the manner or circumstances under which the position held or desired is customarily performed, that enable a qualified em- ployee with a known limitation under the PWFA to perform the essential functions of the position;
	3.	Modifications or adjustments that enable a district's employee with a known limitation under the PWFA to enjoy equal bene- fits and privileges of employment as are enjoyed by its other similarly situated employees without known limitations; or
	4.	Temporary suspension of essential functions and/or modifica- tions or adjustments that permit the temporary suspension of essential functions.

Unnecessary Delay	An unnecessary delay in providing a reasonable accommodation to the known limitations related to the pregnancy, childbirth, or related medical conditions of a qualified employee may result in a violation of the PWFA even if the covered entity eventually provides the rea- sonable accommodation. In determining whether there has been an unnecessary delay, factors to be considered are described in 29 C.F.R. 1636.4(a)(1)(i)-(vii). 29 C.F.R. 1636.4(a)(1)		
Undue Hardship	Undue hardship means, with respect to the provision of an accom- modation, significant difficulty or expense incurred by a covered entity, when considered in light of the following factors:		
	<ol> <li>The nature and net cost of the accommodation needed under the PWFA;</li> </ol>		
	2. The overall financial resources of the facility or facilities in- volved in the provision of the reasonable accommodation, the number of persons employed at such facility, and the effect on expenses and resources;		
	3. The overall financial resources of the covered entity, the over- all size of the business of the covered entity with respect to the number of its employees, and the number, type, and loca- tion of its facilities;		
	4. The type of operation or operations of the covered entity, in- cluding the composition, structure, and functions of the work- force of such entity, and the geographic separateness and ad- ministrative or fiscal relationship of the facility or facilities in question to the covered entity; and		
	5. The impact of the accommodation upon the operation of the facility, including the impact on the ability of other employees to perform their duties and the impact on the facility's ability to conduct business.		
	42 U.S.C. 2000gg(7); 29 C.F.R. 1636.3(j)		
Temporary Suspension of an Essential Function	If an employee with a known limitation under the PWFA meets the definition of "qualified employee" under this provision and needs one or more essential functions of the relevant position to be temporarily suspended, the covered entity must provide the accommodation unless doing so would impose an undue hardship on the covered entity when considered in light of the factors provided in 29 C.F.R. 1636.3(j)(2)(i) through (v) of this provision as well as the factors described in 29 C.F.R. 1636.3(j)(3)(i)-(vi). 29 C.F.R.

Predictable Assessments	29 C able ally are harc acco resp	The individualized assessment of whether a modification listed in 29 C.F.R. 1636.3(j)(4)(i) through (iv) of this provision is a reasonable accommodation that would cause undue hardship will, in virtually all cases, result in a determination that the four modifications are reasonable accommodations that will not impose an undue hardship under the PWFA when they are requested as workplace accommodations by an employee who is pregnant. Therefore, with respect to these modifications, the individualized assessment should be particularly simple and straightforward:		
	1.	Allowing an employee to carry or keep water near and drink, as needed;		
	2.	Allowing an employee to take additional restroom breaks, as needed;		
	3.	Allowing an employee whose work requires standing to sit and whose work requires sitting to stand, as needed; and

Pregnancy or Birth	Both parents are entitled to FMLA leave to be with a healthy new- born child (i.e., bonding time) during the 12-month period begin- ning on the date of birth. In addition, the expectant mother is enti- tled to FMLA leave for incapacity due to pregnancy, for prenatal care, or for her own serious health condition following the birth of the child. The expectant mother is entitled to leave for incapacity due to pregnancy even though she does not receive treatment from a health-care provider during the absence and even if the ab- sence does not last for more than three consecutive calendar days. A spouse is entitled to FMLA leave if needed to care for a pregnant spouse who is incapacitated, during her prenatal care, or following the birth of a child if the spouse has a serious health condition. [For the definition of "needed to care for," see 29 C.F.R. 825.124.] 29 <i>C.F.R.</i> 825.120

"Parent"	"Parent" (for purposes of family, medical, and qualifying exigency leave) means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a son or daughter. This term does not include parents "in law." 29 C.F.R. 825.122

Leave Entitlement and Use Amount of Leave	ploy wee	ept in the case of military caregiver leave, an eligible em- ee's FMLA leave entitlement is limited to a total of 12 work- ks of leave during a 12-month period for any one or more of qualifying reasons.
	Spouses who are employed by the same district may be limited to a combined total of 12 weeks of FMLA leave during any 12-month period if leave is taken for the birth of a son or daughter, the place- ment of a child for adoption or foster care, or to care for a parent with a serious health condition.	
	29 l	J.S.C. 2612(a), (f); 29 C.F.R. 825.120(a)(3), .200, .201
Determining the 12-Month Period	Except with respect to military caregiver leave, a district may choose any one of the following methods for determining the "12-month period" in which the 12 weeks of leave entitlement occurs:	
	1.	The calendar year;
	2.	Any fixed 12-month "leave year," such as a fiscal year or a year starting on an employee's "anniversary" date;
	3.	The 12-month period measured forward from the date any employee's first FMLA leave begins; or
DATE ISSUED: 1/15/202	25	5 of 19

	4. A "rolling" 12-month period measured backward from the date an employee uses any FMLA leave.
	29 C.F.R. 825.200(b)
Military Caregiver Leave	In the case of military caregiver leave, an eligible employee's FMLA leave entitlement is limited to a total of 26 workweeks of leave during a "single 12-month period." The "single 12-month period" is measured forward from the date an employee's first FMLA leave to care for the covered service member begins, regardless of the method used by a district to determine the 12-month period for other FMLA leaves. During the "single 12-month period," an eligible employee's FMLA leave entitlement is limited to a combined total of 26 workweeks of FMLA leave for any qualifying reason. 29 <i>C.F.R.</i> 825.200( <i>f</i> ), ( <i>g</i> )
	Spouses who are employed by the same district may be limited to a combined total of 26 weeks of FMLA leave during the "single 12- month period" if leave is taken as military caregiver leave, for the birth of a son or daughter, for the placement of a child for adoption or foster care, or to care for a parent with a serious health condi- tion. 29 C.F.R. 825.127(e)(3)
Summer Vacation and Other Extended Breaks	If a district's activity temporarily ceases and employees generally are not expected to report for work for one or more weeks (e.g., a school closing for two weeks for the Christmas/New Year holiday), those days do not count against the employee's FMLA leave entitlement. Similarly, the period during the summer vacation when the employee would not have been required to report for duty is not counted against the employee's FMLA leave entitlement. 29 C.F.R. 825.200(h), .601(a)
Intermittent or Reduced Leave Schedule	FMLA leave may be taken intermittently or on a reduced leave schedule under certain circumstances. "Intermittent leave" is FMLA leave taken in separate blocks of time due to a single qualifying reason. A "reduced leave schedule" is a leave schedule that re- duces an employee's usual number of working hours per work- week, or hours per workday.
	For leave taken because of the employee's own serious health condition, to care for a spouse, parent, son, or daughter with a seri- ous health condition, or military caregiver leave, there must be a medical need for leave and it must be that such medical need can be best accommodated through an intermittent or reduced leave schedule. Leave due to a qualifying exigency may also be taken on an intermittent or reduced schedule basis.
	When leave is taken after the birth of a healthy child or placement of a healthy child for adoption or foster care, an employee may

### DECA (LEGAL)

	take leave intermittently or on a reduced leave schedule only if the district agrees.
	29 U.S.C. 2612(b); 29 C.F.R. 825.102, .202
Transfer to Alternative Position	If an employee requests intermittent or reduced schedule leave that is foreseeable based on planned medical treatment, a district may require the employee to transfer temporarily to an available al- ternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the em- ployee's regular position. 29 U.S.C. 2612(b)(2); 29 C.F.R. 825.204
<i>Calculating Leave Use</i>	When an employee takes leave on an intermittent or reduced schedule, only the amount of leave actually taken may be counted toward the employee's leave entitlement. A district must account for intermittent or reduced schedule leave using an increment no greater than the shortest period of time that the district uses to account for use of other forms of leave, provided the increment is not greater than one hour. <i>29 C.F.R. 825.205</i>
Special Rules for Instructional Employees	Special rules apply to certain employees of school districts. These special rules affect leave taken intermittently or on a reduced schedule, or taken near the end of an academic term (semester) by instructional employees.
	"Instructional employees" are those whose principal function is to teach and instruct students in a class, a small group, or an individ- ual setting. This term includes not only teachers, but also athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. It does not include teacher as- sistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists, or curriculum specialists. It also does not include cafeteria workers, maintenance workers, or bus drivers.
	29 C.F.R. 825.600
Failure to Provide Notice of Foreseeable Leave	If an instructional employee does not give required notice of fore- seeable leave to be taken intermittently or on a reduced schedule, a district may require the employee to take leave of a particular du- ration or to transfer temporarily to an alternative position. Alterna- tively, a district may require the employee to delay the taking of leave until the notice provision is met. <i>29 C.F.R. 825.601(b)</i>
20 Percent Rule	If an eligible instructional employee needs intermittent leave or leave on a reduced leave schedule to care for a family member with a serious health condition, to care for a covered service member, or for the employee's own serious health condition; the leave is foreseeable based on planned medical treatment; and the employee would be on leave for more than 20 percent of the total

		nber of working days over the period the leave would extend, a rict may require the employee to choose:
	1.	To take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
	2.	To transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring peri- ods of leave than does the employee's regular position.
	"Periods of a particular duration" means a block or blocks of time beginning no earlier than the first day for which leave is needed and ending no later than the last day on which leave is needed, and may include one uninterrupted period of leave. If an employee chooses to take leave for "periods of a particular duration" in the case of intermittent or reduced schedule leave, the entire period of leave taken will count as FMLA leave.	
	29	U.S.C. 2618(c); 29 C.F.R. 825.601, .603
Leave at the End of a Semester	FM cep of a	a rule, a district may not require an employee to take more LA leave than the employee needs. The FMLA recognizes ex- tions where instructional employees begin leave near the end semester. As set forth below, the district may in certain cases uire the employee to take leave until the end of the semester.
	end no (	e school semester, or "academic term," typically ends near the of the calendar year and the end of spring each school year. In case may a school have more than two academic terms or nesters each year for purposes of the FMLA.
	sen able FM trict eve and	district requires the employee to take leave until the end of the nester, only the period of leave until the employee is ready and to return to work shall be charged against the employee's LA leave entitlement. Any additional leave required by the dis- to the end of the semester is not counted as FMLA leave; how- r, the district shall maintain the employee's group health insur- e and restore the employee to the same or equivalent job, uding other benefits, at the end of the leave.
	29	U.S.C. 2618(d); 29 C.F.R. 825.603
More Than Five Weeks Before End of Semester		istrict may require an instructional employee to continue taking /e until the end of the semester if:
	1.	The employee begins leave more than five weeks before the end of the semester;
	2.	The leave will last at least three weeks; and

	3. The employee would return to work during the three-week pe- riod before the end of the semester.		
During Last Five Weeks of Semester	A district may require an instructional employee to continue taking leave until the end of the semester if:		
	<ol> <li>The employee begins leave during the last five weeks of the semester for any reason other than the employee's own seri- ous health condition or a qualifying exigency;</li> </ol>		
	2. The leave will last more than two weeks; and		
	3. The employee would return to work during the two-week pe- riod before the end of the semester.		
During Last Three Weeks of Semester	A district may require an instructional employee to continue taking leave until the end of the semester if the employee begins leave during the three-week period before the end of the semester for any reason other than the employee's own serious health condition or a qualifying exigency.		
	29 C.F.R. 825.602		
Substitution of Paid Leave	Generally, FMLA leave is unpaid leave. However, an employee may choose to substitute accrued paid leave for unpaid FMLA leave. If an employee does not choose to substitute accrued paid leave, a district may require the employee to do so. The term "substitute" means that the paid leave provided by the district, and accrued pursuant to established policies of the district, will run concurrently with the unpaid FMLA leave. An employee's ability to substitute accrued paid leave is determined by the terms and conditions of the district's normal leave policy. <i>29 U.S.C. 2612(d); 29 C.F.R. 825.207(a)</i>		
Compensatory Time	If an employee requests and is permitted to use accrued compen- satory time to receive pay during FMLA leave, or if a district re- quires such use, the compensatory time taken may be counted against the employee's FMLA leave entitlement. 29 C.F.R. 825.207(f)		
FMLA and Workers' Compensation	A serious health condition may result from injury to the employee "on or off" the job. If a district designates the leave as FMLA leave, the leave counts against the employee's FMLA leave entitlement. Because the workers' compensation absence is not unpaid, neither the employee nor the district may require the substitution of paid leave. However, a district and an employee may agree, where state law permits, to have paid leave supplement workers' compen- sation benefits.		

	If the health-care provider treating the employee for the workers' compensation injury certifies that the employee is able to return to a "light duty job" but is unable to return to the same or equivalent job, the employee may decline the district's offer of a "light duty job." As a result, the employee may lose workers' compensation payments, but is entitled to remain on unpaid FMLA leave until the employee's FMLA leave entitlement is exhausted. As of the date workers' compensation benefits cease, the substitution provision becomes applicable and either the employee may elect or the district may require the use of accrued paid leave.
	29 C.F.R. 825.207(e)
Maintenance of Health Benefits	During any FMLA leave, a district must maintain the employee's coverage under any group health plan on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period.
	An employee may choose not to retain group health plan coverage during FMLA leave. However, when the employee returns from leave, the employee is entitled to be reinstated on the same terms as before taking leave without any qualifying period, physical ex- amination, exclusion of pre-existing conditions, and the like.
	29 U.S.C. 2614(c); 29 C.F.R. 825.209
Payment of Premiums	During FMLA leave, the employee must continue to pay the employee's share of group health plan premiums. If premiums are raised or lowered, the employee would be required to pay the new premium rates. <i>29 C.F.R. 825.210</i>
Failure to Pay Premiums	Unless a district has an established policy providing a longer grace period, a district's obligations to maintain health insurance cover- age cease if an employee's premium payment is more than 30 days late. In order to terminate the employee's coverage, the dis- trict must provide written notice to the employee that the payment has not been received. Such notice must be mailed to the em- ployee at least 15 days before coverage is to cease, advising that coverage will be dropped on a specified date at least 15 days after the date of the letter unless the payment has been received by that date. Coverage for the employee may be terminated at the end of the 30-day grace period, if the required 15-day notice has been provided.
	Upon the employee's return from FMLA leave, the district must still restore the employee to coverage/benefits equivalent to those the employee would have had if leave had not been taken and the pre- mium payment(s) had not been missed. The employee may not be required to meet any qualification requirements imposed by the

	plan, including any new preexisting condition waiting period, to wait for an open season, or to pass a medical examination to obtain re- instatement of coverage.
	29 C.F.R. 825.212
Recovery of Benefit Cost	If an employee fails to return to work after FMLA leave has been exhausted or expires, a district may recover from the employee its share of health plan premiums during the employee's unpaid FMLA leave, unless the employee's failure to return is due to one of the reasons set forth in the regulations. A district may not recover its share of health insurance premiums for any period of FMLA leave covered by paid leave. 29 C.F.R. 825.213
Right to Reinstatement	On return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave began, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. An employee is entitled to reinstate- ment even if the employee has been replaced or his or her position has been restructured to accommodate the employee's absence. However, an employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period. 29 <i>C.F.R.</i> 825.214, .216(a)
Moonlighting During Leave	If a district has a uniformly applied policy governing outside or supplemental employment, the policy may continue to apply to an employee while on FMLA leave. A district that does not have such a policy may not deny FMLA benefits on the basis of outside or supplemental employment unless the FMLA leave was fraudulently obtained. <i>29 U.S.C. 2618(e); 29 C.F.R. 825.216(e)</i>
Reinstatement of School Employees	A district shall make the determination of how an employee is to be restored to "an equivalent position" upon return from FMLA leave on the basis of established school board policies and practices. The "established policies" must be in writing, must be made known to the employee before the taking of FMLA leave, and must clearly explain the employee's restoration rights upon return from leave. Any established policy which is used as the basis for restoration of an employee to "an equivalent position" must provide substantially the same protections as provided in the FMLA. For example, an employee may not be restored to a position requiring additional licensure or certification. <i>29 C.F.R. 825.604</i>
Pay Increases and Bonuses	An employee is entitled to any unconditional pay increases that may have occurred during the FMLA leave period, such as cost of living increases. Pay increases conditioned upon seniority, length of service, or work performed must be granted in accordance with a district's policy or practice with respect to other employees on an

	equivalent leave status for a reason that does not qualify as FMLA leave.
	Equivalent pay includes any bonus or payment, whether it is dis- cretionary or non-discretionary. However, if a bonus or other pay- ment is based on the achievement of a specified goal such as hours worked, products sold, or perfect attendance, and the em- ployee has not met the goal due to FMLA leave, then the payment may be denied, unless otherwise paid to employees on an equiva- lent leave status for a reason that does not qualify as FMLA leave. For example, if an employee who used paid vacation leave for a non-FMLA purpose would receive the payment, then an employee who used paid vacation leave for an FMLA-protected purpose also must receive the payment.
	29 C.F.R. 825.215(c)
Key Employees	A district may deny job restoration to a key employee if such denial is necessary to prevent substantial and grievous economic injury to the operations of the district. 29 U.S.C. 2614(b); 29 C.F.R. 825.217219
Notices and Medical Certification Employer Notices General Notice	Every covered employer must post on its premises a notice ex- plaining the FMLA's provisions and providing information concern- ing the procedures for filing complaints with the Department of La- bor's Wage and Hour Division. The notice must be posted prominently where it can be readily seen by employees and appli- cants for employment. Covered employers must post this general notice even if no employees are eligible for FMLA leave.
	If a district has any eligible employees, it shall also:
	<ol> <li>Include the notice in employee handbooks or other written guidance to employees concerning employee benefits or leave rights, if such written materials exist; or</li> </ol>
	<ol><li>Distribute a copy of the general notice to each new employee upon hiring.</li></ol>
	Electronic posting is sufficient if it meets the other requirements of this section.
	If a district's workforce is comprised of a significant portion of work- ers who are not literate in English, the district shall provide the gen- eral notice in a language in which the employees are literate.
	A district may use Department of Labor (DOL) form WHD 1420 or may use another format so long as the information provided includes, at a minimum, all of the information contained in that notice.

Eligibility Notice	When an employee requests FMLA leave, or when a district ac- quires knowledge that an employee's leave may be for an FMLA- qualifying reason, the district must notify the employee of the em- ployee's eligibility to take FMLA leave. If the employee is not eligible for FMLA leave, the notice must state at least one reason why the employee is not eligible.
	A district must provide the eligibility notice within five business days, absent extenuating circumstances. Notification of eligibility may be oral or in writing. The district may use DOL form WH-381 to provide such notification to employees. The district shall trans- late the notice in any situation in which it is required to translate the general notice.
	29 C.F.R. 825.300(b)
Rights and Responsibilities Notice	Each time a district provides an eligibility notice to an employee, the district shall also provide a written rights and responsibilities notice. The rights and responsibilities notice must include the infor- mation required by the FMLA regulations at 29 C.F.R. 825.300(c)(1).
	A district may use DOL form WH-381 to provide such notification to employees. A district may adapt the prototype notice as appropri- ate to meet these notice requirements. The notice may be distrib- uted electronically if it meets the other requirements of this section. The district shall translate the notice in any situation in which it is required to translate the general notice.
	29 C.F.R. 825.300(c)
Designation Notice	When a district has enough information to determine whether leave is being taken for an FMLA-qualifying reason, the district must no- tify the employee whether the leave will be designated as FMLA leave. If the district determines that the leave will not be designated as FMLA-qualifying, the district must notify the employee of that determination. Absent extenuating circumstances, a district must provide the designation notice within five business days.
	A district may use DOL form WH-382 to provide such notification to employees. If the leave is not designated as FMLA leave because it does not meet the requirements of the Act, the notice to the employee that the leave is not designated as FMLA leave may be in the form of a simple written statement.
	The designation notice must include the information required by the FMLA regulations at 29 C.F.R. 825.300(d)(1) (substitution of paid leave), (d)(3) (fitness for duty certification), and (d)(6) (amount

	of leave charged against FMLA entitlement). For further provisions on designation of leave, see 29 C.F.R. 825.301.
	29 C.F.R. 825.300(d)
Retroactive Designation	A district may retroactively designate leave as FMLA leave, with appropriate notice to the employee, if the district's failure to timely designate leave does not cause harm or injury to the employee. In addition, a district and an employee may agree that leave will be retroactively designated as FMLA leave. 29 C.F.R. 825.301(d)
Employee Notice	An employee giving notice of the need for FMLA leave must state a qualifying reason for the leave and otherwise satisfy the requirements for notice of foreseeable and unforeseeable leave, below. The employee does not need to expressly assert rights under the Act or even mention the FMLA. <i>29 C.F.R. 825.301</i>
Foreseeable Leave	An employee must provide at least 30 days' advance notice before FMLA leave is to begin if the need for leave is foreseeable based upon an expected birth, placement for adoption or foster care, or planned medical treatment of the employee, a family member, or a covered service member. If 30 days' notice is not practicable, the employee must give notice as soon as practicable. For leave due to a qualifying exigency, the employee must provide notice as soon as practicable regardless of how far in advance the leave is fore- seeable.
	When planning medical treatment, the employee must consult with the district and make a reasonable effort to schedule the treatment so as not to disrupt unduly the district's operations, subject to the approval of the health-care provider.
	29 C.F.R. 825.302
Unforeseeable Leave	When the approximate timing of leave is not foreseeable, an employee must provide notice to a district as soon as practicable under the facts and circumstances of the particular case. It generally should be practicable for the employee to provide notice of leave that is unforeseeable within the time prescribed by the district's usual and customary notice requirements applicable to such leave. <i>29 C.F.R. 825.303</i>
Compliance with District Requirements	A district may require an employee to comply with its usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances. Instructional Arrangements and Settings	Instructional arrangements/settings shall be based on the individ- ual needs and IEPs of eligible students receiving special education services and shall include the following.	
Mainstream	The mainstream instructional arrangement/setting is for providing special education and related services to a student in the general education classroom in accordance with the student's IEP. Quali- fied special education personnel must be involved in the implemen- tation of the student's IEP through the provision of direct, indirect, and/or support services to the student and/or the student's general education classroom teacher(s) necessary to enrich the general education classroom and enable student success. The student's

	IEP must specify the services that will be provided by qualified spe- cial education personnel to enable the student to appropriately progress in the general education curriculum and/or appropriately advance in achieving the goals set out in the student's IEP.
	Examples of services provided in this instructional arrangement in- clude, but are not limited to, direct instruction, helping teacher, team teaching, co-teaching, interpreter, educational aides, curricu- lar or instructional modifications/accommodations, special materi- als/equipment, positive classroom behavioral interventions and supports, consultation with the student and his/her general educa- tion classroom teacher(s) regarding the student's progress in gen- eral education classes, staff development, and reduction of ratio of students to instructional staff. Monitoring student progress in and of itself is not a special education service; this cannot be listed as the only specially designed instruction documented in a student's IEP.
Homebound	The homebound instructional arrangement/setting, also referred to as home-based instruction, is for providing special education and related services to students who are served at home or hospital bedside.
Medical Reasons	Homebound instruction is used for a student whose admission, re- view, and dismissal (ARD) committee has received medical docu- mentation from a physician licensed to practice in the United States that the student is expected to incur full-day absences from school for a minimum of four weeks for medical reasons, which could include psychological disorders, and the ARD committee has determined that this is the most appropriate placement for the stu- dent. The weeks do not have to be consecutive. For the ARD com- mittee to approve this placement, the committee will review docu- mentation related to anticipated periods of student confinement to the home, as well as whether the student is determined to be chronically ill or any other unique medical circumstances that would require this placement in order to provide FAPE to the stu- dent. Documentation by a physician does not guarantee the place- ment of a student in this instructional arrangement/setting, as the student's ARD committee shall determine whether the placement is necessary for the provision of FAPE, and, if so, will determine the amount of services to be provided to the student at home in this in- structional arrangement/setting in accordance with federal and state laws, rules, and regulations.
Children Ages 3-5	Home-based instruction may be used for children ages three through five when determined appropriate by the child's ARD com- mittee and as documented in the student's IEP. While this setting

Hospital Class	The hospital class instructional arrangement/setting is for providing special education and related services by school personnel in a hospital or other medical facility, or at a residential care and treatment facility not operated by the district. If a student residing in the facility is provided special education and related services at a district campus and the parent, including a surrogate parent, is a district resident, the student's instructional arrangement/setting would be assigned based on the services that are provided at the campus on the same basis as a resident student residing with his or her parents.
Speech Therapy	The speech therapy instructional arrangement/setting is for provid- ing speech therapy services whether in a general education class- room or in a setting other than a general education classroom. When the only special education service provided to a student is speech therapy, then this instructional arrangement may not be combined with any other instructional arrangement. If a student's IEP indicates that a special education teacher is involved in the im- plementation of the student's IEP but there is no indication of how that teacher provides a special education service, the student is in the speech therapy instructional arrangement/setting.
	When a student receives speech therapy and a related service but no other special education service, the student is in the speech therapy instructional arrangement/setting.
Resource Room/Services	The resource room/services instructional arrangement/setting is for providing special education and related services to a student in a setting other than general education for less than 50 percent of the regular school day. For funding purposes, this will be differentiated between the provision of special education and related services to a student in a setting other than general education for less than 21 percent of the instructional day and special education and related services provided to a student in a setting other than general edu- cation for at least 21 percent of the instructional day but less than 50 percent of the instructional day.
Self-Contained (Mild, Moderate, or Severe) Regular Campus	The self-contained (mild, moderate, or severe) regular campus in- structional arrangement/setting is for providing special education and related services to a student who is in a setting other than gen- eral education for 50 percent or more of the regular school day on a regular school campus. For funding purposes, mild/moderate will be considered at least 50 percent but no more than 60 percent of the student's instructional day, and severe will be considered more than 60 percent of the student's instructional day.

Residential Care and Treatment Facility (Not District Resident)	The residential care and treatment facility (not district resident) in- structional arrangement/setting refers to a facility at which a stu- dent with a disability currently resides, who was not placed at the facility by the student's ARD committee, and whose parent or guardian does not reside in the district providing educational ser- vices to the student. This instructional arrangement/setting is for providing special education and related services to a student on a district campus who resides in a residential care and treatment fa- cility and whose parents do not reside within the boundaries of the district that is providing educational services to the student. If the instruction is provided at the facility, rather than on a district cam- pus, the instructional arrangement is considered to be the hospital class arrangement/setting rather than this instructional arrange- ment, or if the student resides at a state-supported living center, the instructional arrangement will be considered the state school arrangement/setting. Students with disabilities who reside in these facilities may be included in the average daily attendance of the district in the same way as all other students receiving special edu- cation.	
State-Supported Living Center	The state-supported living center (referred to as state school in Ed- ucation Code 48.102) instructional arrangement/setting is for pro- viding special education and related services to a student who re- sides at a state-supported living center when the services are provided at the state-supported living center location. Translation of IEP into Native Language	If the parent is unable to speak English and Spanish is the parent's native language, a district shall provide a written or audiotaped copy of the student's IEP translated into Spanish. If the parent's native language is other than Spanish or English, a district shall make a good faith effort to provide a written or audiotaped copy of the student's IEP translated into the parent's native language. <i>Education Code 29.005(d)</i>			
	A written copy of the student's IEP translated into Spanish or the parent's native language means that all of the text in the student's IEP in English is accurately translated into the target language in written form. The IEP translated into the target language must be a comparable rendition of the IEP in English and not a partial transla- tion or summary of the IEP in English.			
	An audio recording of the student's IEP translated into Spanish or the parent's native language means that all of the content in the student's IEP in English is orally translated into the target language and recorded with an audio device. A district is not prohibited from providing the parent with an audio recording of an ARD committee meeting at which the parent was assisted by an interpreter as long as the audio recording provided to the parent contains an oral			

	translation into the target language of all of the content in the stu- dent's IEP in English.		
	If a parent's native language is not a written language, the district must take steps to ensure that the student's IEP is translated orally or by other means to the parent in his or her native language or other mode of communication.		
Written Copy	Under 34 C.F.R. 300.322(f), a district must give a parent a written copy of the student's IEP at no cost to the parent. A district meets this requirement by providing a parent with a written copy of the student's IEP in English or by providing a parent with a written translation of the student's IEP in the parent's native language as provided above.

  - Facilitates parental carryover of in-home training (for example: strategies for behavior management and developing structured home environments and/or communication training so that parents are active participants in promoting the continuity of interventions across all settings);
- 7. Suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social/behavioral progress based on the student's developmental and learning level (acquisition, fluency, maintenance, generalization) that encourages work towards individual independence as determined by, for example:

This notification is not required to contain the elements of notice of 300 C.F.R. 300.503 [see Prior Notice and Consent, above], but must include a statement that parental rights have transferred to the adult student. However, the adult student or the district may invite individuals who have knowledge or special expertise regarding the student, including the parent.

Accelerated Education Plan	For each student who does not perform satisfactorily on a state as- sessment instrument specified above for two or more consecutive school years in the same subject area, the district the student at- tends shall develop an accelerated education plan and provide the student at least 30 hours of supplemental instruction. <i>19 TAC</i> <i>104.1001; Education Code 28.0211(b)</i>
	Not later than the start of the subsequent school year, a district shall develop an accelerated education plan for the student that provides the necessary accelerated instruction to enable the stu- dent to perform at the appropriate grade level or course by the con- clusion of the school year.

The plan must:

- 1. Identify the reason the student did not perform satisfactorily on the applicable assessment instrument; and
- 2. Require the student to be provided with no less than 30 hours, or a greater number of hours if appropriate, of supplemental instruction for each consecutive school year in which the student does not perform satisfactorily on the assessment instrument in the applicable subject area.

The plan may require that, as appropriate to ensure the student performs satisfactorily on the assessment instrument in the applicable subject area at the next administration of the assessment instrument:

- 1. The district expand the times in which supplemental instruction is available to the student;
- The student be assigned for the school year to a specific teacher who is better able to provide accelerated instruction; and
- 3. The district provide any necessary additional resources to the student.

The accelerated education plan must be documented in writing, and a copy must be provided to the student's parent or guardian.

For purposes of determining whether a school district qualifies for a waiver, the commissioner shall:			
	<ol> <li>If a student received accelerated instruction in more than one subject during the applicable school year, consider the stu- dent's performance on the assessment instrument in each subject separately from the student's performance on the as- sessment instrument for each other subject; and</li> </ol>

	The Ratio Waiver List consists of products that use an automated, computerized, or other augmented method for providing acceler- ated instruction under Education Code 28.0211(a-1)(2), that may be used in lieu of some or all of the individual or group supplemen- tal instruction, as appropriate for the applicable grade level and subject area and a student's academic deficiency.			

A district shall:

- 1. Notify the parent or guardian of the use of a product on the Ratio Waiver List for providing the required accelerated instruction;
- 2. Ensure that the required hours of supplemental instruction are completed prior to the subsequent State of Texas Assessments of Academic Readiness (STAAR<sup>®</sup>) administration;
- Use a product on the Ratio Waiver List remotely, regardless of primary mode of instruction (i.e., in-person, virtual, or hybrid) only if the district ensures that time spent by the student engaged in the product is aligned with approved product usage expectations documented by the district;
- 4. Adhere to the product usage fidelity requirements by product as approved by TEA to waive ratio requirements. A district not fulfilling usage fidelity with a product will be required to revert to the 4:1 ratio for supplemental instruction; and
- 5. Be responsible for contracting and funding the selected vendors included on the TEA list of approved vendors.

A district must award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. Districts must evaluate the student record upon a student's enrollment and ensure that proportionate credit has been awarded appropriately.

If a district determines that there are courses in which a student was enrolled but for which the student has not earned credit, the district may use a variety of methods to determine whether the student may be eligible for full or proportionate credit for coursework completed. The award of credit must be based on demonstrated proficiency in all state and local requirements for a course in accordance with 19 Administrative Code 74.26.

A district must provide opportunities for a student who is homeless or in substitute care who enrolls in the district after the start of the school year to be administered credit by examination at any point during the school year, as required by 19 Administrative Code 74.24 (Credit by Examination) [see EHDB and EHDC].

Districts must:

- Develop processes for students who have credit deficits or incomplete coursework that would impede on-time promotion or graduation to earn credit and implement appropriate academic interventions to address any credit deficiencies identified;
- Develop and administer a personal graduation plan in accordance with Education Code 28.0212 (see EIF) for each student in junior high or middle school who is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade 9, as determined by the district, or does not perform satisfactorily on a state assessment instrument;
- 3. Review personal graduation plan options with each student entering grade 9 and with that student's parent or guardian as required by Education Code 28.02121 [see EIF]. Before the conclusion of the school year, the student and the student's parent or guardian must confirm and sign a personal graduation plan for the student;
- 4. Ensure that school staff actively engage with the student and the student's parent or guardian, as applicable, to develop a plan to recover credits if the student has credit deficits or incomplete coursework that would impede on-time promotion or graduation; and

CAMPUS OR PROGRAM CHARTERS
PARTNERSHIP CHARTERS

	Not	e:	The following provisions address requirements for a charter partnership to receive the benefits of Education Code 11.174 and 48.252. For the general campus charter requirements applicable to partnership charters, see EL(LEGAL).		
Contract Regarding Operation of District Campus	The board may contract with a partner to operate a campus. The partner may be an open-enrollment charter school or, on approva by the commissioner of education, an entity granted a charter by the district under Chapter 12, Subchapter C that is eligible to be awarded a charter under Education Code 12.101(a). The campus must be granted a charter under Chapter 12, Subchapter C. Education Code 11.174(a), (d)				
	A campus operated under a contract qualifies for an exemption from intervention as provided below and qualifies for funding as provided by Education Code 48.252 [see Funding for Certain S dents, below].				
	The board may enter into a contract only if:				
	1.	charter of the open-enrollment charter school has not n previously revoked;			
	2.	prop	the three school years preceding the school year of the posed operation of the campus, the open-enrollment char- school has received:		
		a.	An overall performance rating of acceptable or higher; and		
		b.	A financial accountability rating indicating financial per- formance of satisfactory or higher; or		
	3.	The entity considered for a district-authorized charter ha previously operated an open-enrollment charter school in which the charter expired or was revoked or surrendered			
	Education Code 11.174(a)-(b)				
Intervention Pause	For a campus under a contract that received an overall perfor- mance rating of unacceptable under Education Code Chapter 39, Subchapter C for the school year before operation under the con- tract began, the commissioner may not impose a sanction or take action against the campus under Education Code 39A for failure to satisfy academic performance standards during the first two school years of operation of a campus under the contract. [See AIA, AIC]				
		A campus is eligible for an exemption from applicable sanctions o actions if the campus and the partnership to operate the campus			
DATE ISSUED: 1/15/202	25		1 of 8		

meet all applicable requirements and the campus was operated under the partnership from the first to the last day of the school year of the campus. A school year must include, at a minimum, all minutes of operation and instructional time conducted on the campus, and all the days for which the instructional workforce of the campus that provides education services for students are employed. The overall performance rating received by the campus during those first two school years is not included in calculating consecutive school years and is not considered a break in consecutive school years. Education Code 11.174(f); 19 TAC 97.1077 Applicability A campus shall not qualify for an intervention pause unless during the school year prior to the operation of a partnership charter the campus received an unacceptable performance rating, except as provided by 19 Administrative Code 97.1077(e) (campus that operates a partnership charter for less than a year). 19 TAC 97.1062(b) The Texas Education Agency (TEA) will not withdraw or postpone issuing any orders or determinations required or authorized that arise due to the performance rating from the school year prior to the school year in which the campus qualifies for the intervention pause, and any order or determination will resume upon expiration of the intervention pause. Any intervention or sanction not covered by the intervention pause shall continue. If a campus ceases to qualify for the intervention pause at any point during a school year, TEA will resume previously ordered interventions and sanctions, order interventions and sanctions based on the rating from that school year, and count that rating for purposes of consecutive years of performance. TEA will not pursue interventions under Education Code 39A.101-39A.109 and 39A.111 for a campus eligible for an intervention pause if one of the school years eligible for an intervention pause results in an acceptable or higher overall rating.

> If after the expiration of the intervention pause a campus receives an unacceptable rating, TEA will apply the requisite interventions that apply to the consecutive year that corresponds to the campus's actual number of consecutive years of unacceptable performance minus the number of intervention pause years and, if applicable, accounting for the modification under 19 Administrative Code 97.1062(c).

	If a campus qualifies for an intervention pause for a school year af- ter the conclusion of the school year in which an order is autho- rized under Education Code 39A.111, the intervention under Edu- cation Code 39A.111 will not pause.
	A campus that receives an intervention pause will still receive an accountability rating for that school year.
	Performance of students at a campus that receives an intervention pause shall be considered in the accountability rating of the district and the application of an intervention pause to a campus shall not pause or alter any intervention applicable to the district or other campuses.
Appeal	A determination under this section that arises from the application of Education Code 28.020 is final and may not be appealed.
	19 TAC 97.1062(d), (f)-(m)
Additional Exemption	A campus that receives an exemption from a sanction or other action may receive another exemption while operating under a subsequent contract only if the campus receives approval for the exemption from the commissioner. <i>Education Code</i> $11.174(g)$
Funding for Certain Students	A district that enters into a contract is entitled to receive for each student in average daily attendance at the campus an amount equivalent to the difference, if the difference results in increased funding, between the amount described by Education Code 12.106 and the amount to which the district would be entitled under this Education Code Chapter 48. This section applies only to a district that does not appoint a majority of the governing body of the charter holder. <i>Education Code 48.252</i>
Consultation with Campus Personnel	Before entering into a contract, the district must consult with cam- pus personnel regarding the provisions to be included in the con- tract between the district and the open-enrollment charter school. All rights and protections afforded by current employment contracts or agreements may not be affected by the contract entered into be- tween a district and an open-enrollment charter school. <i>Education</i> <i>Code 11.174(c)</i>
Notice to Commissioner	A district proposing to enter into a contract with a campus or pro- gram charter shall notify the commissioner of the district's intent to enter into the contract according to commissioner rules. The com- missioner shall notify the district whether the proposed contract is approved not later than the 60th day after the date the commis- sioner receives notice of the proposed contract and all information required by the commissioner to be submitted. If the commissioner fails to notify the district that the proposed contract has been ap- proved or denied within the period prescribed by this subsection,
	25 2 of 9

	the proposed contract is considered approved. <i>Education Code 11.174(k)</i>					
Enrollment Eligibility	The contract must include a provision addressing student eligibility for enrollment.					
	dan ope enro pref	contract must provide that any student residing in the atten- ce zone of the campus as the attendance zone existed before ration of the campus under the contract shall be admitted for ollment at the campus. The contract must establish enrollment rerence for students who do not reside in the attendance zone ollows:

#### STUDENT WELFARE FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION

		No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. <i>20 U.S.C. 1681 (Title IX)</i>
		A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrim- ination on the basis of sex under Title IX. <i>34 C.F.R. 106.45; 20</i> <i>U.S.C. 1681</i> [See also FB regarding Title IX]
Designatio Title IX Co		A district must designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under Title IX, which employee must be referred to as the "Title IX Coordinator."
Parties Ent Notice	itled to	The district must notify applicants for admission and employment, students, parents or legal guardians, employees, and all profes- sional organizations holding professional agreements with the dis- trict ("Parties Entitled to Notice") of the name or title, office ad- dress, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.
		34 C.F.R. 106.8(a)
Reporting		Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during nonbusiness hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator. <i>34 C.F.R. 106.8(a)</i>
Notificatior	of Policy	A district must notify the Parties Entitled to Notice, above, that the district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner. The notification must state that the requirement not to discriminate in the education program or activity extends to employment, and that inquiries about the application of Title IX to such district may be referred to the district's Title IX Coordinator, to the assistant secretary for civil rights of the Department of Education, or both. <i>34 C.F.R.</i> 106.2(d), $.8(b)(1)$
Publication Requireme		A district must prominently display the contact information required to be listed for the Title IX Coordinator and the nondiscrimination policy described at Notification of Policy, above, on its website, if
	_ ,,,_,_,	

any, and in each handbook that it makes available to the Parties Entitled to Notice, above.

A district must not use or distribute a publication stating that the district treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by Title IX.

34 C.F.R. 106.8(b)(2)

	<b>Note:</b> To distinguish the process described below from the district's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of Title IX sexual harassment in an education program or activity and against a person in the United States as the district's "Title IX formal complaint process."
Adopting and Publishing Complaint Procedures	A district must adopt and publish procedures that provide for the prompt and equitable resolution of student and employee com- plaints alleging any action that would be prohibited by Title IX and a Title IX formal complaint process that complies with 34 C.F.R. 106.45 for formal complaints as defined below.
	A district must provide notice to the Parties Entitled to Notice, above, of the district's procedures and Title IX formal complaint process, including how to report or file a complaint of sex discrimi- nation, how to report or file a formal complaint of sexual harass- ment, and how the district will respond.
	The requirements of this provision apply only to sex discrimination occurring against a person in the United States.
	34 C.F.R. 106.8(c)-(d)
Response to Sexual Harassment <i>Definitions</i>	"Actual knowledge" means notice of sexual harassment or allega- tions of sexual harassment to a district's Title IX Coordinator or any official of the district who has authority to institute corrective mea- sures on behalf of the district, or to any employee of an elementary and secondary school. Imputation of knowledge based solely on vi- carious liability or constructive notice is insufficient to constitute ac- tual knowledge. This standard is not met when the only official of the district with actual knowledge is the respondent. The mere abil- ity or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to in- stitute corrective measures on behalf of the district. "Notice" as

used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Consent" is not defined by the Title IX regulations, nor do the regulations require districts to adopt a particular definition of consent with respect to sexual assault.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party to a Title IX formal complaint, and must comply with the requirements of the Title IX formal complaint process, including the informal resolution process.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- 1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
- 2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity; or
- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Supportive measures" means nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or district-provided housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. 34 C.F.R. 106.2, .30(a) Deliberate A district with actual knowledge of sexual harassment in an educa-Indifference tion program or activity of the district against a person in the United States, must respond promptly in a manner that is not deliberately indifferent. A district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. Education For the purposes of 34 C.F.R. 106.30 [see Definitions, above] and Program or 106.45 [see Process for Title IX Formal Complaint, below], "educa-Activity tion program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. 34 C.F.R. 106.44(a) Title IX Coordinator The Title IX Coordinator must promptly contact the complainant to Response discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator must respond in this manner with or without a formal complaint. 34 C.F.R. 106.44(b)(1)

Supportive Measures Required	A district's response must treat complainants and respondents eq- uitably by offering supportive measures and by following a process that complies with 34 C.F.R. 106.45 [see Process for Title IX For- mal Complaint, below] before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. [For Emergency Removal procedures, see below.]		
Constitutional Restrictions	The Department of Education may not deem a district to have sat- isfied the district's duty to not be deliberately indifferent under Title IX based on the district's restriction of rights protected under the U.S. Constitution, including the First Amendment, Fifth Amend- ment, and Fourteenth Amendment.		
	34 C.F.R. 106.44(a)		
Response to a Formal Complaint	In response to a formal complaint, a district must follow a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below]. <i>34 C.F.R. 106.44(b)(1)</i>		
Emergency Removal	The Title IX regulations do not preclude a district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district:		
	1. Undertakes an individualized safety and risk analysis;		
	<ol> <li>Determines that an immediate threat to the physical health or safety of any student or other individual arising from the alle- gations of sexual harassment justifies removal; and</li> </ol>		
	3. Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.		
	This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.		
	34 C.F.R. 106.44(c)		
<i>Administrative Leave</i>	The Title IX regulations do not preclude a district from placing a nonstudent employee respondent on administrative leave during the pendency of a Title IX formal complaint. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act. 34 <i>C.F.R.</i> 106.44(d)		

Process for Title IX Formal Complaint For the purpose of addressing formal complaints of sexual harassment, a district's process must comply with the following requirements. Any provisions, rules, or practices other than those required by this provision that a district adopts as part of its process for handling formal complaints of sexual harassment must apply equally to both parties. *34 C.F.R. 106.45(b)* 

A district's Title IX formal complaint process must:

- 1. Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a process that complies with the Title IX regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies must be designed to restore or preserve equal access to the district's education program or activity. Such remedies may include the same individualized services described as supportive measures; however, remedies need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent;
- Require an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence—and provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
- 3. Require that any individual designated by a district as a Title IX Coordinator, investigator, decision-maker, or any person designated by a district to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A district must ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the district's education program or activity, how to conduct an investigation and Title IX formal complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. A district must ensure that decision-makers receive training on any technology to be used at a live hearing, if any, and on issues of relevance of questions and evidence, including when guestions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. [See Hearings, below] A district also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. [See Investigation of a Formal Complaint, below] Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal res-

olution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment;

- 4. Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process;
- 5. Include reasonably prompt time frames for conclusion of the Title IX formal complaint process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes, and a process that allows for the temporary delay of the Title IX formal complaint process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the district may implement following any determination of responsibility;
- 7. State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard, apply the same standard of evidence for formal complaints against students as for formal complaints against employees, including faculty, and apply the same standard of evidence to all formal complaints of sexual harassment;
- 8. Include the procedures and permissible bases for the complainant and respondent to appeal;
- 9. Describe the range of supportive measures available to complainants and respondents; and
- 10. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

34 C.F.R. 106.45(b)(1)

Notice of Allegations Upon receipt of a formal complaint, a district must provide the following written notice to the parties who are known:

- 1. Notice of the district's Title IX formal complaint process, including any informal resolution process.
- 2. Notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
  - a. The identities of the parties involved in the incident, if known;
  - b. The conduct allegedly constituting sexual harassment; and
  - c. The date and location of the alleged incident, if known.

The written notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney and may inspect and review evidence [see Investigation of a Formal Complaint, below]. The written notice must inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the Title IX formal complaint process.

If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Notice of Allegations, above, the district must provide notice of the additional allegations to the parties whose identities are known.

34 C.F.R. 106.45(b)(2)

Dismissal of a Formal Complaint The district must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the district must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX; such a dismissal does not preclude action under another provision of the district's code of conduct.

> The district may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allega-

	the erin	s therein; the respondent is no longer enrolled or employed by district; or specific circumstances prevent the district from gath- g evidence sufficient to reach a determination as to the formal aplaint or allegations therein.
	106	on a dismissal required or permitted pursuant to 34 C.F.R. .45(b)(3), the district must promptly send written notice of the nissal and reason(s) therefor simultaneously to the parties.
Consolidation of Formal Complaints	sexu thar part rass tle I plain to th	strict may consolidate formal complaints as to allegations of ual harassment against more than one respondent, or by more of one complainant against one or more respondents, or by one y against the other party, where the allegations of sexual ha- sment arise out of the same facts or circumstances. Where a Ti- X formal complaint process involves more than one com- nant or more than one respondent, references in this provision he singular "party," "complainant," or "respondent" include the al, as applicable.
	34 (	C.F.R. 106.45(b)(3)-(4)
Investigation of a Formal Complaint		en investigating a formal complaint and throughout the Title IX nal complaint process, a district must:
	1.	Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding respon- sibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physi- cian, psychiatrist, psychologist, or other recognized profes- sional or paraprofessional acting in the professional's or para- professional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provi- sion of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a Title IX formal complaint (if a party is not an "eligible student," as defined in 34 C.F.R. 99.3 then the district must obtain the voluntary, writ- ten consent of a "parent," as defined in 34 C.F.R. 99.3) [see FL(LEGAL) at Education Records];
	2.	Provide an equal opportunity for the parties to present wit- nesses, including fact and expert witnesses, and other incul- patory and exculpatory evidence;
	3.	Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evi- dence;
	4.	Provide the parties with the same opportunities to have others present during any Title IX formal complaint proceeding, in-

cluding the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or Title IX formal complaint proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

- 5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- 6. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint. including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report. The district must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
- 7. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to a hearing (if a hearing is required or otherwise provided) or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

34 C.F.R. 106.45(b)(5)

## Hearings The district's Title IX formal complaint process may, but need not, provide for a hearing. With or without a hearing, after the district has sent the investigative report to the parties pursuant to 34 C.F.R. 106.45(b)(5)(vii) [see Investigation of a Formal Complaint, above] and before reaching a determination regarding responsibility, the decision-maker(s) must afford each party the opportunity to

	submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. With or without a hearing, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, un- less such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the com- plainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant. <i>34 C.F.R. 106.45(b)(6)(ii)</i>
Determination Regarding Responsibility	The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written de- termination regarding responsibility. To reach this determination, the district must apply the standard of evidence described at Process for Title IX Formal Complaint, above.
	The written determination must include:
	<ol> <li>Identification of the allegations potentially constituting sexual harassment;</li> </ol>
	2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
	3. Findings of fact supporting the determination;
	<ol> <li>Conclusions regarding the application of the district's code of conduct to the facts;</li> </ol>
	5. A statement of, and rationale for, the result as to each allega- tion, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
	<ol><li>The district's procedures and permissible bases for the com- plainant and respondent to appeal.</li></ol>
	The district must provide the written determination to the parties si- multaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is

Participation by Homeschooled Students	A public school that participates in an activity sponsored by UIL may provide a non-enrolled student, who otherwise meets UIL eli- gibility standards to represent that school in a UIL activity, with the opportunity to participate in the activity on behalf of the school in the same manner that the school provides the opportunity to partic- ipate to students enrolled in the school.
	"Non-enrolled student" means a student who receives instruction as a homeschooled student as described by Education Code 29.916(a)(1) from a nonpublic school [see EK].
Relevant Policies	A non-enrolled student who seeks to participate or participates in a UIL activity on behalf of a school is subject to the following relevant policies that apply to students enrolled in the school:
	1. Registration for UIL activities;
	2. Age eligibility;
	3. Fees;
	4. Insurance;
	5. Transportation;
	6. Physical condition;
	7. Qualifications;
	8. Responsibilities;
	9. Event schedules;
	10. Standards of behavior; and
	11. Performance.
Residency Requirements	A non-enrolled student may only participate in a UIL activity for the school in the district that the student would be eligible to attend based on the student's residential address. A non-enrolled student who seeks to participate in a UIL activity on behalf of a school shall be required to establish minimum proof of residency acceptable to the district in the same manner as an applicant to attend a school in the district under Education Code 25.001 [see FD].
Academic Requirements	The parent or person standing in parental relation to a non-enrolled student is responsible for oversight of academic standards relating

	to the student's participation in a UIL activity. As a condition of eli- gibility to participate in a UIL activity during the first six weeks of a school year, a non-enrolled student must demonstrate grade-level academic proficiency on any nationally recognized, norm-refer- enced assessment instrument, such as the Iowa Test of Basic Skills, Stanford Achievement Test, California Achievement Test, or Comprehensive Test of Basic Skills. A non-enrolled student demonstrates the required academic proficiency by achieving a composite, core, or survey score that is within the average or higher than average range of scores, as established by the appli- cable testing service. A district shall accept assessment results ad- ministered or reported by a third party.	
	A non-enrolled student's demonstration of academic proficiency is sufficient for the school year in which the student achieves the re- quired score and the subsequent school year.	
	After the first six weeks of a school year, the parent or person standing in parental relation to a non-enrolled student participating in a UIL activity on behalf of a public school must periodically, in accordance with the school's grading calendar, provide written veri- fication to the school indicating that the student is receiving a pass- ing grade in each course or subject being taught.	
Previous Enrollment in Public School	A non-enrolled student is not authorized by this section to partici- pate in a UIL activity during the remainder of any school year dur- ing which the student was previously enrolled in a public school.	
Prohibitions	With respect to a non-enrolled student's education program, noth- ing in these provisions shall be construed to permit an agency of this state, a public school district, or any other governmental body to exercise control, regulatory authority, or supervision over a non- enrolled student or a parent or person standing in parental relation to a non-enrolled student beyond the control, regulatory authority, or supervision required to participate in a UIL activity.	
	Subject only to eligibility requirements, the curriculum or assessment requirements, performance standards, practices, or creed of the education program provided to a non-enrolled student may not be required to be changed in order for the non-enrolled student to participate in a UIL activity. Subject only to eligibility requirements, for a non-enrolled student participating in an education program on January 1, 2021, the education program provided to that student may not be required to comply with any state law or agency rule relating to that education program unless the law or rule was in effect on January 1, 2021.

First Amendment	A district shall take no action respecting an establishment of reli- gion, or prohibiting the free exercise thereof; or abridging the free- dom of speech, or of the press; or the right of the people peaceably to assemble, and to petition a board for a redress of grievances. <i>U.S. Const. Amend. I</i>
Freedom of Speech	Students do not shed their constitutional rights to freedom of speech or expression at the schoolhouse gate. At school and school events, students have First Amendment rights, applied in light of the special characteristics of the school environment.
	Student expression that is protected by the First Amendment may not be prohibited absent a showing that the expression will materi- ally and substantially interfere with the operation of the school or the rights of others.
	<u>Tinker v. Des Moines Indep. Cmty. Sch. Dist.</u> , 393 U.S. 503 (1969) [See also FNCI]
	The special characteristics of the school environment and the gov- ernmental interest in stopping student drug abuse allow a district to restrict student expression that it reasonably regards as promoting illegal drug use. <u>Morse v. Frederick</u> , 551 U.S. 393 (2007)
	When a student threatens violence against a student body, such specific threatening speech to a school or its population is unprotected by the First Amendment: school officials may punish such speech without first collecting evidence sufficient to prove a reasonable belief that disruption would occur as a result of the speech. <u>Ponce v. Socorro Indep. Sch. Dist.</u> , 508 F.3d 765 (5th Cir. 2007)
	The inculcation of fundamental values necessary to the mainte- nance of a democratic society is part of the work of the school. The First Amendment does not prevent school officials from determin- ing that particular student expression is vulgar and lewd, and there- fore contrary to the school's basic educational mission. <u>Bethel Sch.</u> <u>Dist. No. 403 v. Fraser</u> , 478 U.S. 675 (1986)
	Public schools may have a special interest in regulating some off- campus student speech, however, the interest must be sufficient to overcome the student's interest in free expression. Circumstances that may implicate a school's regulatory interests include serious or severe bullying or harassment targeting particular individuals; threats aimed at teachers or other students; the failure to follow rules concerning lessons, the writing of papers, the use of comput- ers, or participation in other online school activities; and breaches of school security devices. <u>Mahanoy Area School District v. B.L</u> , 141 S.Ct. 2038 (2021)

	Prayer at School Activities	A public school student has an absolute right to individually, volun- tarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. A stu- dent shall not be required, encouraged, or coerced to engage in or refrain from such prayer or meditation during any school activity. <i>Education Code 25.901</i>
		Nothing in the Constitution as interpreted by the U.S. Supreme Court prohibits any public school student from voluntarily praying at any time before, during, or after the school day. But the religious liberty protected by the Constitution is abridged when a district af- firmatively sponsors the particular religious practice of prayer.
		A district shall not adopt a policy that establishes an improper ma- joritarian election on religion and has the purpose and creates the perception of encouraging the delivery of prayer at a series of im- portant school events.
		<u>Santa Fe Indep. Sch. Dist. v. Doe</u> , 530 U.S. 290 (2000) (address- ing school-sponsored, student-led prayer delivered over the public address system at high school football games) [For invocations and benedictions at commencement, see FMH.]
	Federal Funds	As a condition of receiving federal funds under the Elementary and Secondary Education Act (ESEA), a district shall certify in writing to the Texas Education Agency (TEA) that no policy of the district prevents, or otherwise denies participation in, constitutionally pro- tected prayer in public schools, as detailed in the guidance from the United States secretary of education regarding constitutionally protected prayer. The certification shall be provided by October 1 of each year.
		By November 1 of each year, TEA shall report to the secretary a list of districts that have not filed the certification or against which complaints have been made to TEA that the district is not in com- pliance with this section. The secretary may issue and secure com- pliance with rules or orders with respect to a district that fails to certify, or is found to have certified in bad faith, that no policy of the district prevents, or otherwise denies participation in, constitution- ally protected prayer in public schools.

-	ession of jious Viewpoints	A district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious view-

	-	nt expressed by the student on an otherwise permissible sub- . <i>Education Code 25.151</i>			
Policies	A district shall adopt and implement a local policy regarding a lim- ited public forum and voluntary student expression of religious viewpoints. If a district voluntarily adopts and follows the model pol- icy governing voluntary religious expression in public schools at Education Code 25.156, the district is in compliance with the provi- sions of Education Code Chapter 25, Subchapter E covered by the model policy.				
	A district shall adopt a policy that includes the establishment of a limited public forum for student speakers at all school events at which a student is to publicly speak. The policy regarding the limited public forum must also require a district to:				
	1.	Provide the forum in a manner that does not discriminate against a student's voluntary expression of a religious view-point, if any, on an otherwise permissible subject;			
	2.	Provide a method, based on neutral criteria, for the selection of student speakers at school events and graduation cere- monies;			
	3.	Ensure that a student speaker does not engage in obscene, vulgar, offensively lewd, or indecent speech; and			
	4.	State, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the district.			
	be e	dent expression on an otherwise permissible subject may not excluded from the limited public forum because the subject is ressed from a religious viewpoint.			
Disclaimer	grad claii long	disclaimer required by item 4, above, must be provided at all duation ceremonies. A district must continue to provide the dis- mer at any other event in which a student speaks publicly for as g as a need exists to dispel confusion over the district's non- nsorship of the student's speech.

Class Assignments	wor tion and star	dents may express their beliefs about religion in homework, art- k, and other written and oral assignments free from discrimina- based on the religious content of their submissions. Homework classroom assignments must be judged by ordinary academic indards of substance and relevance and against other legitimate agogical concerns identified by a district. Students may not be			

	penalized or rewarded on account of the religious content of their work. <i>Education Code 25.153</i>
	[For information on the study of religion, see EMI. For information on student religious groups and activities, see FNAB.]
Patriotic Observances	A district may officially encourage students to express love for the United States by reciting historical documents or singing official anthems that contain religious references; such patriotic or ceremonial occasions do not constitute a school-sponsored religious exercise. <u>Engel v. Vitale</u> , 370 U.S. 421 (1962)
