CLASS RANKINGS / GRADE
POINT AVERAGES

Rank in class is required by colleges and universities on transcripts submitted for entrance evaluation.

Class rank shall be determined as follows:

- A. Class ranking will be determined each semester beginning with the first semester of the ninth (9th) grade.
- B. Class rank will be based only on the grades earned in classes that meet or exceed graduation requirements.
- C. Total grade points begin accumulating with the ninth (9th) grade. These are divided by total units attempted to produce the accumulative grade point average. Students are then ranked according to grade point average, with 4.00 as high, except as weighted classes affect the computation of grade point averages.

Adopted: date of Manual adoption (Date change once adopted)
