SUBJECT: Executive Summary of the Parent and Staff Return to Learn Surveys

Introduction

The staff and community desire to give input in the development of the Return to Learn Adaptive Plan. Surveys sent out earlier this month generated plenty of responses and helped in the guidance of plan development. Surveys are one of the tools used by the District to create community engagement opportunities.

Executive Summary

The presentations will highlight the responses from the parents and staff regarding a variety of topics related to the impact COVID-19 is having in providing a safe environment at school sites for students and adults.

Opportunities for questions and discussion from the Board will follow the presentation.
