Norman Lane, Director of Buildings & Grounds

SUBJECT: Capital Projects Bid – Asbestos Abatement Work - Summer 2011

DATE: March 1, 2011

As has been past practice, the Board of Education approves, after review and recommendations from FAC (Facility Advisory Committee), capital projects to be undertaken. In October, 2010, the Board of Education approved the attached list of capital projects, including associated asbestos abatement work. Once approved by the Board, this work was given to the District's asbestos consulting firm, Environ International, Inc., to construct appropriate bid specifications and construction documents. Bids were let on February 3, 2011 with appropriate legal notice (included) appearing in the February 3, 2011 issue of the Oak Leaves. Such notice called for a mandatory pre-bid conference for 3:30 p.m. on Wednesday, February 9, 2011, at which time 11 potential firms presented themselves (see attached list). A detailed letter from Environ International, Inc. is attached describing the process, along with a summary of the ten bids received.

The original budget for this asbestos abatement work was \$161,000 and the low bid submitted was provided by Valor Technologies in the amount of \$132,600 and, if the alternate is accepted (necessary abatement work associated with removal and installation of vinyl floor tile) in the amount of \$7,400, the grand total is \$140,400, or \$20,600 below budget. As indicated in the consultant's letter, "Valor has been in business for over ten years and Environ has managed several successful abatement projects that Valor has completed over the years."

It is the recommendation of Environ International, Inc., the Director of Buildings & Grounds and me that we award this asbestos abatement contract to Valor Technologies in the total amount of \$140,400. This will return to the Board for formal approval at its March 8, 2011 meeting.

LEGAL NOTICE

Invitation to Bid

Oak Park Elementary School District Number 97, will receive sealed bids at the Board of Education Office, 970 Madison Street, Oak Park, Illinois, 60302, until 2:00 p.m. local time on Thursday, February 17, 2011 for Asbestos Abatement work.

A pre-bid conference and walk through will be held at 3:30 p.m. on Wednesday, February 9, 2011 beginning at Longfellow School, 715 South Highland Street, Oak Park, Illinois.

Bid documents will be available at the pre-bid conference through the Project Designer, ENVIRON International, Inc., attention Matt Meyer, 773.272.3527.

Only those bids complying with the provisions and specifications of the Bid will be considered. The Board of Education reserves the right to waive any informalities, qualifications, or irregularities, and / or to reject any or all proposals, when in it's opinion, such action will serve the best interest of the Board of Education of Oak Park Elementary School District Number 97.

Contracts awarded by the Board of Education require that Contractors comply with the Prevailing Wage Act of the State of Illinois; the general prevailing rate of wages shall be paid for each craft or type of worker or mechanic required to execute the contract of perform such work.

Therese O'Neill
Assistant Superintendent for Finance & Operation
District 97

For publication in the Oak Leaves on Feb. 3, 2011.

Re: Contractor Bids for Asbestos Abatement
Lincoln and Longfellow Schools

Dear Mr. Vacca:

Contractor bids were publicly opened for the referenced project on February 17, 2011. A total of ten (10) asbestos abatement contractors provided bids for the work. A copy of the Bid Tabulation is attached.

The low bidder for the project was Valor Technologies with a base bid amount of \$132,600 (plus \$7,400 for the Alternate One work). Valor been in business for over ten years and ENVIRON has managed several successful abatement projects that Valor has completed over the years.

I reviewed the scope of work with Valor's estimator for the project, Mr. Brian Duermit. Mr. Duermit assured me that they have a clear understanding of the scope of work, have adequate supplies and workmen to complete the project on schedule, and that Valor is comfortable with their bid and they want the project.

Therefore, our office recommends that the asbestos abatement work be awarded to the low bidder, Valor Technologies for the amount of \$132,600 (or \$140,000 if Alternate One is accepted). If you have any questions or require additional information, please do not hesitate to call.

Sincerely,

Matthew F. Meyer, CHMM
