School Goals

Our school is focused on two major goals this year. One goal is to provide **instructional excellence** through targeted instruction, use of district-approved curriculum, and teacher instructional practices. Specifically, we are focused on providing individualized instruction in reading and math that will meet the needs of each student. Another goal is to **respond to the needs of all students**. We strive to meet the ever-changing physical, social, and mental health needs of all our students.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

Safe & Welcoming Environment

Our school strives to ensure all students and their parents feel welcome by being greeted by a warm, friendly staff who genuinely cares for every child at our school. We keep our school clean and our customer service at the top of our priority list. Our school participates in monthly safety drills and is equipped with modern safety features, which help us keep our students and staff safe each and every day.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of our students, our Child Development Specialist provides school-wide character lessons from the Character Strong / Purposeful People curriculum, that helps students with recognizing, addressing, and preventing bullying and harassment behaviors. Our school also uses the Conscious Discipline framework that has made a positive impact on the school culture. SafeOregon is available to students for reporting incidents online or by phone.

EXTRACURRICULAR ACTIVITIES

Our school offers several extracurricular activities, including PE, Music, 5th grade Outdoor School and Parent Club events. Additionally, we have a strong partnership with local organizations that offer after-school programs, youth sports, and music/art programs.

PARENT ENGAGEMENT

Our school strives to engage all of our parents by providing language support for parents where English is their second language. We also have a Parent Club, where parents can be involved as much as they wish. Some parents are very active and some simply volunteer for one event or activity. We also welcome parent volunteers to assist classroom teachers on a daily basis. Additionally, we have our annual Open House to invite all parents and their children to meet the staff and tour our campus and we promote participation with parent-teacher conferences.

COMMUNITY ENGAGEMENT

We partner with the local community to provide students with learning opportunities. Students will visit local museums, such as Tamastlikt Cultural Institute and Pendleton Heritage Station. They will also participate in tours and events at Blue Mountain Community College. Our students also participate in the Watershed Field Days, where they get hands-on experience with other students in Umatilla and Morrow counties. The Oregon East Symphony hosts the Young People's Concert, which gets our 4th and 5th grade students involved with music and we hold annual food and winter coat drives to connect our students and community by working together to provide for families in need.
