

# Beaverton School District 48J

Code: **FJ**  
Adopted: 12/13/04  
Orig. Code(s): FJ

# D

## Temporary District Facilities

Assignment of portable classrooms to a school will depend upon the number of students enrolled over the permanent and/or programmatic capacity of the school, projections for continued growth in enrollment and availability of portable classrooms. Portable classrooms may also be assigned for special needs such as remodeling or new construction in progress and pilot programs. Enrollment needs will be given first priority.

Portable classrooms may be used for an extended period of time. However, the impact of long-term use of portable classrooms must be considered during long-range facilities planning or other appropriate forums in determining permanent school housing needs and the extended use of portables.

The location, siting and assignment of portables must be in compliance with the district's school facility plan and guidelines.

Any such facility must conform to all appropriate federal, state and local building and land use codes, health and fire laws, environmental standards and provisions for accessibility and usability as required by the Americans with Disabilities Act.

**END OF POLICY**
