After an evaluation of the proposals received it was found that a post bid addendum was warranted to provide clarifications to the scope of work with respect to Bid Package 23.0A and 23.0B. Once revisions from the 3 highlighted contractors have been received and reviewed, a Post-Bid Interview will be held with each of the three highlighted contractors to determine best value for Vicksburg Community Schools. It is expected that base bid amount may decrease over all in one or more bid packages

See Post Bid Addendum Bid Tab 11.17.00 Comparison for Analysis of selected Contractors
