

## **Facilities/Construction Update**

### **November 17, 2025**

#### **Greenhouse**

- The water and gas have been connected to the Greenhouse.
- Electricity has been added to the building.
- The waterwall (backwall) will now be completed since there is waster to the greenhouse.

#### **MMS Conference Room/Business Office**

- This project is slated to occur during the Winter Break in February.
- This could be moved up to the Christmas Break if the doors were to be received earlier than expected.
