 RE: Selling Obsolete Items
 DATE: November 13, 2007

Please request that the Board acknowledge and agree to sell the following items as identified in OCTOBER 2007 SALE. The items listed for sale have been through the Board Resolution process at the October 9, 2007 Board Meeting. Twenty five bids were opened at 9:00 AM on October 31, 2007, by Nancy McReynolds and Keith Sanders with Wanda Graham of the Tupelo Public School District assisting with the opening. One person offered a blanket bid for Lot 400-599 and for Lot 800-1075 at a cost of \$75 per lot. We will have a number of items for disposal. We ask that the board award to each individual offering the highest bid as identified below and the two lots. I have listed the bidders, the # of items they will be awarded, and their total amount due. We also request that the Board approve awarding some items agreed upon through negotiation to the Nettleton School District. This agreement took place prior to the bid opening. The items to be purchased by that school district total \$127.00. The total income from this sale including the Nettleton School District amount will be \$2,493.93, if all money is collected. We sold almost 1,075 items (except for items removed and relocated within our district). No vocational items were sold in this sale.
