Subject: Request for Leave from Coaching Duties

To: Eric Inglis <einglis@apps.isd51.org>

Dear Mr. Inglis and Members of the Foley School Board,

I am writing to formally request a one-year leave from my golf coaching contract for the upcoming season.

In December, I broke and dislocated my ankle. The injury required surgery and has involved a long recovery process. While I am making progress, it is clear that I need additional time to fully heal and regain strength before returning to the physical demands of coaching on top of teaching full-time.

This was not an easy decision. I care deeply about our student-athletes and take great pride in our program. However, I want to ensure that our athletes have a coach who can be fully present and physically able to meet the needs of the season.

I respectfully ask for a one-year leave from my coaching duties so I can focus on recovery.

Thank you for your understanding and continued support. Please let me know if you need any additional information from me.

Sincerely,  
Susan Kadlec  
4th grade teacher

A handwritten signature in black ink, appearing to read "Daniel W. P. Adams". The signature is stylized with a large initial 'D' and a long horizontal flourish at the end.
