Re: High School Principal Report May 2023

Greetings from HHS!

May is here as we enter the final month of school there are many things taking place and a lot of plans being made. Students are completing second semester senior projects and spring sports are entering district/state tournament time. It is a busy and exciting time of year for students and we are going to make the most of the final four weeks of school.

Graduation is set for May 25th at Deward Bell Stadium. The track should be completely installed by then. There is a chance that they will need to come back and stripe the track after graduation but regardless the company understands that we are holding graduation on the 25th at the stadium. We are hoping for nice weather for the ceremony.

Our PBIS theme for May is GRIT. Angela Duckworth defines Grit as "Passion or perseverance for very long term goals. Grit is having stamina. Grit is sticking with your future, day in and day out - - not just for a day, not just for a month, but for years - - to make that future a reality." It is obviously our hope that our students will develop Grit in their personal lives as they go on to chase their dreams.
