The Team of Eight Annual Training serves as the required continuing-education session for the Board of Trustees and the Superintendent. This training is designed to strengthen the board-superintendent team, reinforce effective governance practices, and ensure clarity in roles and responsibilities. State requirements call for at least three hours of team-building each year, guided by the Framework for School Board Development.

The session will be facilitated by Dr. Mike Moses, former Commissioner of the Texas Education Agency (TEA) and former Superintendent of the Dallas Independent School District. Dr. Moses will lead the discussion and provide insight to support effective governance and continuous improvement.
