

**SHERIDAN SCHOOL DISTRICT 48J
2013-2014
PROPOSED BUDGET**

**435 S. Bridge St.
Sheridan, Oregon 97378**

Superintendent's Budget Message
May 7, 2013

District Vision: *Where all students learn, grow and succeed.*

The 2013-2014 Sheridan School District 48J budget will have a similar tune to the budget messages of recent years. We are entering our fourth straight budget cycle with an expectation of flat or decreased funding for schools in Oregon. We have and will continue to provide the educational and support services for the students projected to attend our schools this next fiscal year. We will continue to focus on the goals set by the board and the introduction of recommendations by the Achievement Compact Committee to meet the needs of students and staff. Our top priority remains the improvement of academic achievement for all students.

It is impossible to present this budget proposal without acknowledging the current funding level for schools in Oregon. The funding levels remain inadequate to fully meet the District's needs in many areas ("Education's % of Oregon's State Budget 2003-2013"). Although we are presenting a budget that essentially sustains current operational levels across the District, those levels are not what I believe is appropriate to achieve the high level goals that the Department of Education, OEIB Board, Sheridan School Board and the Achievement Compact Committee have set for our staff and students.

We will continue to support literacy, mathematics, maintain high academic accountability, continue to encourage the use of instructional strategies to boost student learning, and ensure student access to extra curricular activities. The importance of maximizing instructional time and maintaining continuity of instruction remains a top priority. Sheridan School District will continue to be one of several districts to provide a full school year, maintain a full 5-day instructional week and provide full day Kindergarten. We will need to grow the preparation of our students for their next steps after graduation, providing access to college credits both from Sheridan High School staff and credit options through Chemeketa.

We are proposing to use a significant portion of our anticipated ending fund balance for 2013 as revenue for next year's budget. Although, balancing the budget with one-time revenue is not sustainable in the long run, several factors have contributed to the current fund balance. Most significant is the fact that we chose to spend 2011-12 in a manner that would provide us comparable money for 2012-2013 so that we could avoid further cuts in the second year of the biennium. Historically, the state has allocated a smaller percentage of their biennial appropriation to K-12 education in the first year of the biennium, this time they allocated 50.5% the first year and 49.5% the second.

The administrative team and I continue to review programs and budget areas to make any adjustments in order to maximize efficiencies. Our focus is the students and district data and State Report Card lets us know how they are performing. The priority is the essential educational programs needed to assist students to attain higher academic levels and to close the achievement gap for those

that need additional assistance in order to succeed. Tough decisions have been made in the past and will be made in the future based on our limited resources. The budget has been prepared emphasizing the need to maintain critical staffing by matching our available resources with our most pressing student needs.

The 2013-2014 budget documents have been prepared using a State School Fund of \$6.54 billion for the 2013-2015 biennium. The \$6.54 billion SSF represents an estimated allocation of \$7,103,809. This represents an increase of \$401,395. Unfortunately the districts rollup costs for the 2013-2014 budget year are 751,395 more than the allocation, which includes \$350,000 in PERS increases.

We must be proactive with our legislators in advocating for increased funding in the next biennium, as we will not receive absolute budget numbers until June of this year. This includes PERS legislation that is supposed to reduce the percentage of increase that continues to put pressure on our budget. Sheridan School Districts PERS rate for 2012-2013 was 19% and for 2013-2014 the rate will average 26%. The pressure on budgets creates a danger of creating a “new normal” for Oregon education that represents double digit increases in PERS, health insurance, leading to reduced school days and increased class sizes and teaching loads for our dedicated educators.

During the 2011 summer session the Oregon Legislature and Governor Kitzhaber passed legislation to form the OEIB (Oregon Education Investment Board). The OEIB and the Oregon Department of Education are challenged to improve the education system in Oregon. However, the OEIB and ODE are often times working in different directions. Both the OEIB and ODE create demands on districts to make changes that have created an unprecedented number of changes, new requirements, additional reporting with no additional funding. Changes include; SB 290 and the new evaluation system, updated grading system, new state report card system, the achievement compact, Focus & Priority School process, new state standards in core subjects, new graduation requirements, during a period of slow economic recovery.

The budget for the 2013-2014 school year supports a balanced budget with no cut days or staff. We will need to continue to monitor the fluctuation in student population and state demands. This will allow for an ending fund balance of \$1,000,000 in our reserves. With continued uncertainty it is important to be cautious and conservative with our reserve fund.

In last years budget message I believed the economic downturn appeared to be leveling off. I believe it will take another biennium period to truly see improvement in our economy and state school funding. The economy is still impacting Sheridan School District students, families and staff. We will continue to be conservative as we monitor student achievement, student enrollment, economic forecasts, and the upkeep of our facilities and the contractual obligations of our employees.

A.J. Grauer, Superintendent

TO: Board of Directors
FROM: A.J. Grauer, Superintendent
SUBJECT: Achievement Compact Advisory Committee Recommendations
DATE: January 16, 2013

Background/Discussion:

Achievement Committee Recommendations

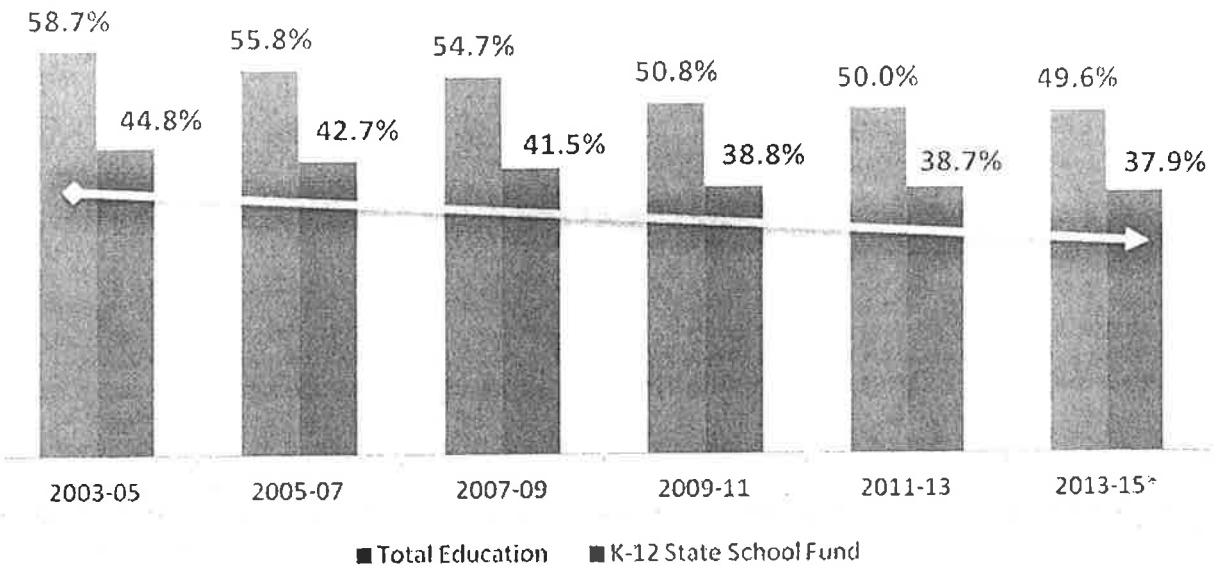

The achievement compact advisory committee members:

Cyndi Daniels, Amy Burnett, Emily Chadwick, Tim Hart, Lori Bogen, Christina Broncheau
Candace Pelt, Marti Hofenbredl, Dean Rech

The Achievement Committee formulated the following recommendations and surveyed the staff for prioritization and will present at the January 16th Board meeting their final recommendations.

1. Creation of Common Student expectations and rules
2. Research what other Non-Focus Districts are using for Math & Reading Curriculum K-8
3. Teacher training on “How to teach Math with new Common Core”
4. Teacher training on “How to teach Reading with new Common Core”
5. Add an Instructional Coach/Curriculum Coordinator to the Budget
6. Purchase new Math Curriculum
7. Purchase New Reading Curriculum
8. Discontinue the practice of changing classes for Reading & Math at FCS
9. Transition all instruction to Standards Based (Focused) Instruction.

Education's Share of the State Budget, 2003-05 to 2013-15

*Governor's Recommended Budget

Source: Legislative Revenue Office

Education's share of the state general fund and lottery budget has steadily declined

The share of Oregon's state general fund and lottery budget allocated to education has declined steadily since 2003-05. The governor's proposed 2013-15 budget continues that trend.

Under the governor's proposal, K-12 is slated to receive about the same amount of funding in 2013-15 as in 2007-09. Although the \$6.15 billion allocation for 2013-15 amounts to a \$400 million increase, it barely covers the higher PERS costs projected for the next biennium, and doesn't address other rising costs.

PERS relief would help, but, at this funding level, schools would still face some combination of budget cuts, including teacher layoffs and other staff reductions, increased class sizes, fewer school days, and fewer programs and electives.

How would potential 2013-15 state school fund levels impact **Sheridan** schools?

\$6.150
Crisis Budget

A funding level of \$6.15 billion would result in an estimated \$450,000 thousand budget shortfall in Sheridan SD for 2013-2014, and an estimated \$600,000 shortfall in 2014-2015. This does not include the impact of ESD and PERS reform.

This equates to losing a combination of:

- 5 Teachers
- 6 cut school days
- Elimination of P.E. and music (Sheridan has been able to keep these programs)
- Higher class sizes and less individual attention for students.

No matter how heroic the effort of Sheridan teachers the end result is less academic and enrichment attention to our students, with an almost certain negative impact on our student performance and wellbeing.

\$6.550
More of the Same

A funding level of \$6.55 billion would leave Sheridan SD without a budget shortfall in 2013-2014, assuming we have no significant increases in employee costs (PERS), facility management costs, supplies, utilities and the impact of ESD reform.

Any funding level that requires cuts next year would include some combination of cutting staff, reducing programs reducing programs and electives.

Any cuts for next year would be on top of the dramatic budget cuts we made in Sheridan SD two years ago, which included cutting 8 positions.

\$6.750
Stability

A funding level of \$6.75 billion would help to bring some financial stability to Sheridan School District.

We would be able to restore some programs and/or positions (counselors, instructional coaches, etc), depending on the PERS and ESD reform, technology demands and with the continued cooperation from employees.

This would give us the opportunity to start investing in what is need for our students to meet 40-40-20 requirements.

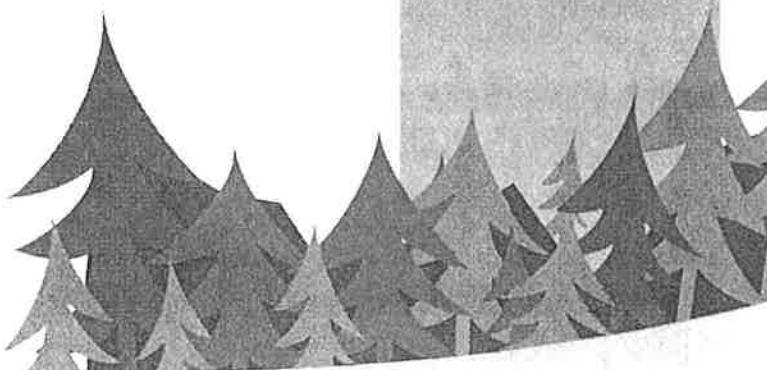

By extension, this would also mean stability, and perhaps improvement, in student achievement.

\$6.895
Investment & Improvement

With a State School Funds of \$6.895 billion, Sheridan School District would have the flexibility to make some significant investments in the areas of:

- Stabilizing or reducing class sizes,
- Restoring key programs and electives, and/or
- Update elective program equipment and facilities
- Adding back key positions, i.e. counselors, instructional coaches, Title program coordinators
- Making targeted investments aimed at improving achievement for all students.

With this funding level, Sheridan schools would be able to be on a trajectory for achieving Oregon's 40-40-2- goal.
