#### **Purpose of Report:**

The purpose of this report is to provide campus and district ADA percentages for the 2<sup>nd</sup> Reporting Period of the 2021-2022 school year (September 27, 2021 through November 5, 2021) and to compare this data to prior years. This report will also identify current truancy prevention measures being used on Denton ISD campuses to increase student attendance.

#### **Objective:**

The objective is to routinely analyze and monitor Denton ISD's attendance data with the goal of improving student attendance. By making this data readily accessible throughout the school year, the district will raise awareness of school attendance and monitor trends and changes across the district. The district will also provide transparent communication, training, and support; where needed, to improve student attendance in Denton ISD.

#### **Operational Impact:**

The analysis and monitoring of attendance data will increase the funding received from ADA, increase academic success and school completion, and support the district goal ensuring that all students are reading on grade level by the end of grade 3.

#### **Results:**

There are 28 instructional days in this 2<sup>nd</sup> Reporting Period. The district ADA % for 2020-2021 Reporting Period 2 is 93.72%, this is a decrease from last school year when the ADA % was 97.41%. Because school districts have reported to TEA that attendance rates have declined due to COVID-19, the agency is implementing an adjustment to operational minutes to address attendance issues caused by COVID-19 during the first reporting period.
