Browning, Montana 59417

Dear Mr. Omeasoo:

I received your formal complaint regarding your performance evaluation that was conducted by your supervisor, Tony Wagner. While our attorney advised me that performance evaluations are not normally appealable to the Board of Trustees because you included in your complaint that you believe Mr. Wagner was retaliating against you for the bus incident, I will forward your complaint to the Board Chairperson. According to our policy, the Board Chair can either place your appeal on the agenda for a regular board meeting or she can appoint an appeals panel to hear your appeal. The Board has thirty (30) days following the meeting to hear the appeal to prepare a written response.

Sincerely,

John P. Rouse  
Superintendent  
Browning Public School District No. 9
