

GFESC VIRTUAL SCHOOL

K - 6

ATTENDANCE DATA

- 82% attended live sessions on day one
- that number has risen each day since
- consecutive perfect attendance in some courses

FAMILY CONNECTIONS

- families have been supportive & contribute to daily success
- student involvement is high

SIS

- Buzz platform is easy to navigate for all
- a one stop shop for all virtual school information
- parents have easy access to student work/scores

EVIDENCE OF SUCCESS

We are receiving thank you phone calls and emails from families. Families who were nervous or uncertain that they could provide all their child would need for virtual school, and now they can see it can be done and that we are ready and willing to support them every step of the way. We are repeatedly reminding them that we are a TEAM, and we WANT them to communicate. Team work makes the dream work could never be more true, than in a virtual elementary setting. Communication is how we ensure students are learning and feeling successful. Students who have had behavior issues in the past are succeeding already, and they are engaged at a high level. Our teachers and para are working at their maximum effort day in and day out. They are providing engaging lessons, while also being sure to build a community of learners.

STUDENT SUCCESS

- ✓ checking schedules independently
- ✓ excellent computer skills
- ✓ using zoom etiquette
- ✓ completing assignments on time

I have two boys that said they were in ALE last year

They are both very polite and are doing very well in our virtual environment.

They are both participating in class and volunteering to answer questions.

to me ▾

Thank you for all your help you made a difficult day so much easier

We have had awesome attendance!

1. Attendance was great for my classes.

2. They students (and parents) picked up on Buzz quickly.
