Boot camp attendance

Purpose of the site visits (roadshow)

- Increase transparency
- Strengthen relationships
- Listen and learn
- Align practices
- Share updates and resources

Examples of qualitative information

Communication	Training needs	Additional staffing needs
<p><i>“Teachers want clearer guidance on when to move from Tier 2 to Tier 3.”</i></p> <p>Aquila</p>	<p><i>“Staff are requesting more support with accessing curriculum, due process, instructional support, and partnership.”</i></p> <p>Peter Hobart</p>	<p><i>“Staff are requesting additional staffing due to increase in students”</i></p> <p>Middle school request</p>
<p><i>“Families are asking for simpler explanations of IEPs and progress reports.”</i></p> <p>PSI</p>	<p><i>“New teachers want a step-by-step due process checklist.”</i></p> <p>Susan Lindgren</p>	<p><i>“Peter Hobart has an effective routine for family communication at IEP times and we’d like to implement that process.”</i></p> <p>PSI</p>
<p><i>“Visual schedules helped students feel more confident transitioning between tasks.”</i></p> <p>Aquila</p>	<p><i>“Collaboration on co-teaching models.”</i></p> <p>Multiple sites</p>	<p><i>“The teachers appreciated the new reading intervention strategy but requested more time for planning and implementation.”</i></p> <p>Multiple sites</p>

Key shifts in special education

- DHS collaboration & mental health integration
- Disproportionality oversight
- MTSS and pre-referral expectations
- Staffing shortages and Cross-sector solutions
- Parent engagement & procedural safeguards

Training & capacity building for both building leaders and staff member:

- Crisis prevention intervention (CPI)
- Restorative practice circles (repairing harm through dialogue)
- Check-In/Check-Out (CICO) Behavioral interventions plans
- Mentor support from different grade levels
- MTSS strategies and interventions
- Mental health & trauma-informed supports
- Conflict resolution Checklist before removal
- School-linked mental health services and counseling (*we are losing funding for the 26sy; we will be utilizing school psychologist, counselors and social workers*)
- Academic interventions (*ADSI/Title 1 small-group instruction*)
- Structured breaks, only when necessary and without extending exclusion from meals or recess (*identify staff members that will be able to support with structuring breaks*)

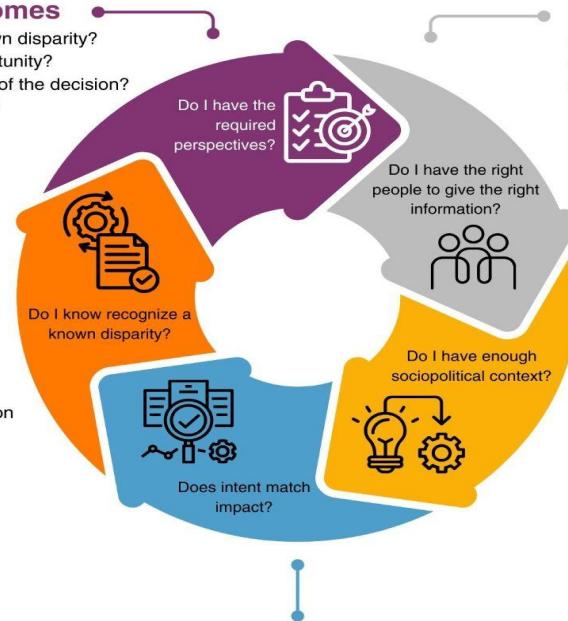

Equity Decision Making Tool

Set Intended Outcomes

- How does this decision impact a known disparity?
- How does it increase access or opportunity?
- What do we expect to see as a result of the decision?
- How does the process mitigate harm?

Report Back

- How do you plan to report the results of the decision to key audience members?
- What other disparities or impacts are now evident based on the decision?

Implementation and Evaluation

As you implement the decision, consider,

- Does intent match impact?
- What are unintended consequences of the decision and implementation?
- What other information do we need from and about key audiences to mitigate harm?

Identify Key Audiences

- Who will be impacted by the decision?
- Who will be involved in the implementation?
- Who is presently and historically excluded from decision making or implementation planning?

Gather and Analyze Key Audience Data

- What do you need to know from your key audience members to make the decision and implement?
- Consider what, if any, historical context you should gather while making the decision.

MDE deducted 15% of student services budget due to the over

Risk Ratio Table for ST. LOUIS PARK PUBLIC SCHOOL DIST.

		2018	2019	2020	2021	2022	2023	2024	Year of Identification

Purpose of African American Cultural Liaison

- Build trusted relationships between school and families
- Improve student belonging and engagement
- Reduce barriers to access and opportunity
- Support equitable outcomes
- Strengthen home to school collaboration for student success
