3892	BODYVIZ SOFTWARE AND PORTABLE DISPLAY SYSTEM Visual Medical Solutions Johnston, IA	\$50,484.00

TO: The Board of Trustees

FROM: District President H. Neil Matkin

DATE: October 27, 2015

SUBJECT: Recommendation for Approval of Sole Source Purchase
Reference 3892 – Purchase of BodyViz Software and Portable
Display System.

SCOPE: Purchase of BodyViz Entry-Level 3D Stereoscopic Software
and Active 3D Stereoscopic Portable Display System. This
system will facilitate student interactions with imagery through
the use of an X-box controller, provide the ability to take 2D
anatomy and pathology and turn it into a 3D experience,
increase student interaction and increase student exposure to
radiologic imagery with an unlimited virtual cadaver lab. This
purchase is funded through a Carl Perkins Grant.

RECOMMENDATION: Visual Medical Solutions \$50,484.00
Johnston, IA

JUSTIFICATION: Sole Source. BodyViz is the only software currently available
which allows the users to manipulate CT and MRI DICOM data
in a 3D format.

REQUESTING DEPARTMENT: Health Science
