

## **Cafeteria Monthly Report**

### **September 2025**

The cafeteria started out with a bang! We hit the floor running and haven't stopped.

The cafeteria served 2,850 breakfast for the 10 days of August. We are serving 128 - Kinder thru 3<sup>rd</sup> through the BIC (Breakfast in the Classroom). We are serving approx. 95 - PK, 4th and 5<sup>th</sup> graders on the old side daily and about 20 Junior High non- Athletes, and at least 45 JH boy and girl athletes on the old side. We are seeing the numbers for breakfast rise with the high schoolers on the new side to about 25 students daily.

We are serving approx. 340 student lunches daily.

We served a total of 3,170 lunches for this month. That's a total of 6,030 meals for 10 days.

If the first few days are any indicator of how the year is going to be -IT'S GOING TO BE AMAZING! The hard work and dedication of the cafeteria ladies make the day!

Thank you,  
Yolanda Rueda
