Elizabeth Janowiak
Director of Technology
Geneva School District

To: Donna Oberg
From: Elizabeth Janowiak
Date: July 26th, 2011

Please submit this purchase information to the BOE for the August 8th, 2011 meeting.

Using Special Education ARRA funds, the district has purchased 42 Tablet PC computers and associated accessories for distribution to Special Education teachers. These new portable computers will replace the current computers used by special education teachers, which will then be re-distributed to other teachers who do not currently have a portable computer.

The portable computers are used by teachers for instruction and for professional purposes. They greatly enhance the integration of the web-based NetIEP program into the special education evaluation and communication process.

All items were purchased using ARRA grant funds.
