

## Recommendation for Renovation of the High School Baseball Infield

\*Coach Loyd has met with Coach Keeling and he is recommending that we change the baseball infield back to dirt basepaths instead of the cutouts. We have secured an estimate from FIG ENTERPRISES change back to a dirt infield at a total cost of \$24,590.00. I believe that this renovation will make our baseball field very adequate for our baseball program for many years. I recommend that Waskom ISD employ FIG ENTERPRISES to perform this renovation of the baseball infield.

\*"I move that Waskom ISD employ FIG ENTERPRISES to perform the renovation of the high school baseball infield at a cost of \$24,590.00."

This motion requires a second and a majority vote.
