Subject: Volleyball Benefit

The South Pekin Volleyball program reached out and invited us to join them in a fundraising event to benefit a student and volleyball player at their school that was recently diagnosed with cancer. The volleyball game will take place on Friday, February 9th at South Pekin with a 7th grade match (5:00), 8th grade match (6:00) and then a B match to end the evening.

Our Volleyball program, along with the parents, have discussed how we can show our support for this event. We are hoping to do a small fundraiser at our home game versus Rankin on February 5th. We have discussed doing a bake sale as well as a silent auction. I was reaching out to ask if Midwest Central could potentially donate \$1 of the ticket sales collected that night (5th) to add to the amount that we will donate to South Pekin on the 9th? I believe this is similar to what has been done in the past for the Volley for the Cure at the high school.

I am honored that South Pekin chose our school to partner up with for this benefit. I do believe this would be a great way to show support for a student in a neighboring district.

Thank you for your consideration.
