

Executive Director Board Report

December 13, 2022

- Staff and students are looking forward to Winter Break! We hope our families, stakeholders, caregivers, students, and staff are able to recharge over the extended break.
- Hiring staff for our open positions remains extremely challenging. We have not been able to attract any new applicants and have had additional support staff resignations. We have rearranged classes, teachers, and educational assistant staff to ensure a safe learning environment.
- We had facilities issues over Thanksgiving break and again on Friday, December 2nd. The 12/2 facility issue was caused by old rooftop units that were bringing an exhaust smell back into the building. The units are scheduled to be replaced hopefully late this month or early January. Installation dates are estimates at this time. This is our landlord's responsibility/project.
- The first semester comes to a conclusion on January 19, 2023. We are impressed with the progress that our students at CVSEC have made both in their academic and social goals.
