

DU PAGE ELEMENTARY SCHOOL DISTRICT 13
BOARD OF EDUCATION
Bloomington, Illinois

Regular Meeting August 25, 2025

FOR ACTION

Subject: Approval of District Safety Plan

Last year, the Safety Committee worked on updating the protocols for responding to emergencies in the District to align with language used throughout DuPage County. Some of this information was presented to the public through a Community Forum that was held in March. At the June 23rd meeting in Closed Session, the elements of this plan were shared with each of you. Since that time, there have been no questions or concerns expressed about the revised plan. As a result, the Administration is recommending the approval of the District Safety Plan this evening.

Just for everyone's information, because the plan includes sensitive information regarding protocols to protect the students and staff of the schools, it has not been included in the public facing packet of information this evening.

Recommendation: The Board approve the District Safety Plan, as presented.
