Heron Creek Internalizing: Located at the Marylhurst Campus in Lake Oswego, this is a therapeutic environment for students who have significant emotional problems and need a smaller setting and focused instruction on building self-regulation skills in order to come back to the district.

Heron Creek Externalizing: Located at the Marylhurst Campus in Lake Oswego, this setting is for students with externalizing behavioral disturbances that impact their access to learning. This is a highly structured setting and focused on self-regulation and behavioral supports.
