

## Summary of Areas of Interest – WBOE Retreat July 7, 2015

***Note: Format and wording is not consistent with goals.  
This is a first draft of areas of interest only.***

1. TAG – receive recommendations for enhancements to the program – could involve after school alternatives, using community experts for instruction, etc.
2. Technology Plan – programming options within technology curriculum, website links to independent learning – both websites and applications, other website enhancements, screen time recommendations/guidelines for both in school maximums and for homework.
3. Differentiation – continued consistency of Language Arts differentiation, focused development of math differentiation
4. Math Program – involvement of WBOE in goals/plans for math program priorities based on Tri-State visit and recommendations
5. Social Emotional Issues:
  - Bullying – especially older grades, involvement of ADL
  - Buses
  - Understanding of how differentiation, pull outs for TAG, other pull outs, pre-test scoring, etc., impacts children, and how teachers manage impacts for children.
6. Health Curriculum & DARE – recommendations for updates
7. Homework guidelines & consistency of application
8. Sustainability – budget considerations for 2016-17
9. Teacher Evaluation Plan – summary overall (# of final reviews, overall category data), and explanation of how action plans are executed and monitored.(reporting?)
10. Balance in early age (K-2): Review kindergarten, 1<sup>st</sup> and 2<sup>nd</sup> grade programs to see if balance between play and academics is where it should be.
