### **Disciplinary Action**

Students who violate this policy will be subject to disciplinary action which includes, but is not limited to, suspension or expulsion, and/or a program recommended by the Student Support Team. Student athletes who violate this policy, participating in CIAC-controlled activities shall also be declared ineligible for such activities in accordance with CIAC policy and regulation. Any disciplinary actions imposed will ensure that similar violations will be treated consistently. The Superintendent shall propose and the Board of Education shall approve procedures and regulations to ensure that any student violating this policy is subjected to disciplinary action, and that any disciplinary actions imposed for similar violations are treated consistently.

The following guidelines for reporting alleged violations are to be followed:

1. If an employee suspects student possession, use, abuse, distribution or sale of controlled substances, including cannabis, other illegal drugs, performance-enhancing drugs, alcohol, or tobacco/tobacco products the employee shall immediately refer the matter to the Principal or his/her designee. The Principal or his/her designee may then search a student's person or possessions connected to that person, in accordance with Board policies and regulations, if he/she has reasonable suspicions from the inception of the search that the student has violated either the law or the substance abuse policy. The Principal or designee will notify the student's parent/guardian, recommend a specific assessment, as appropriate, and contact law enforcement personnel as appropriate.
2. If an employee obtains physical evidence of a controlled substance, including cannabis, other illegal drug, drug paraphernalia, performance-enhancing drugs, alcohol, tobacco products or tobacco paraphernalia from a student in school, on school grounds, on school provided transportation or at a school sponsored event, the employee shall turn the student and the controlled substance over to the school principal or designee. (not later than within 3 calendar days after the receipt of such physical evidence, excluding Saturdays, Sundays or holidays (C.G.S. 10-154a(c)))
3. In determining whether the conduct is seriously disruptive of the educational process, the Administration and the Board may consider, among other factors: 1) whether the drug or alcohol use occurred within close proximity of a school; 2) whether other students from the school were involved; and 3) whether any injuries occurred.
4. Disciplinary action taken by District officials against a student for the use, sale, or possession of marijuana (cannabis) on school premises or at any District/school sponsored activity, on or

### **Drug-Free Awareness Program**

The Superintendent shall assure that the school District provides a drug-free awareness program for students including the following topics:

- health and safety-related dangers of drug abuse;
- review of the Board of Education's policy of maintaining drug-free schools;
- notification of the availability of drug counseling and rehabilitation programs; and
- official penalties for drug abuse violations in schools.

It is the policy of the Board to prevent and prohibit the use (except as duly authorized through the school nurse), possession, distribution or sale of any drug, including cannabis, drug paraphernalia, or alcohol by any student at any time on school property, at school-sponsored events or on school-provided transportation. The District provides (1) a supportive environment for recovering chemically dependent students during and/or after their involvement in a treatment program for chemical dependency; and will provide (2) assistance to those students who are affected by drug/alcohol possession or use by others. Any student in District schools found to be using, selling, distributing, in possession of or under the influence of intoxicants, mood altering drugs or substances, or look-alike drugs, or in possession of any related drug paraphernalia during a school session, on school premises, or anywhere at a school-sponsored activity or trip, on school-provided transportation, or otherwise off school grounds when such student's conduct violates the substance abuse policy and is seriously disruptive of the educational process shall be subject to consequences as stated in the student handbook.

A breath alcohol tester is approved for use at events/activities such as dances and proms at the middle school and high school levels where, in the judgment of the school administrator, there exists reasonable suspicion that a student has consumed an alcoholic beverage and then, only under the following circumstances:

- The student denies to an administrator that he/she has consumed alcoholic beverages and wishes to establish his/her innocence. Should the student register a positive reading on the breath alcohol tester, consequences will be administered as outlined in the discipline/behavior regulations in the Code of Conduct.
- The student denies to an administrator that he/she has consumed alcoholic beverages and elects not to utilize the breath alcohol tester to establish his/her innocence. The judgment of the administrator will then be utilized to determine if the student has consumed an alcoholic beverage. In this instance, consequences will be administered as outlined in the discipline/behavior regulations in the Code of Conduct.

### **Inhalant Abuse**

In addition to the prohibitions pertaining to alcohol, drugs and tobacco contained in this policy, no student shall inhale, ingest, apply, use or possess an abusable glue, aerosol paint or substance containing a volatile chemical with intent to inhale, ingest, apply or use any of these in a manner:

Any student in the District schools found to be in possession of, using, distributing, or selling potentially abusable inhalant materials shall be subject to disciplinary action as outlined in this policy, up to and including suspension and a recommendation for expulsion. Violators of this policy may also be required to complete an appropriate rehabilitation program. The Superintendent shall propose and the Board of Education shall approve procedures and regulations to ensure that any student violating this policy is subjected to disciplinary action, and that any disciplinary actions imposed for similar violations are treated consistently.

The Board of Education shall incorporate into the curriculum at all levels education pertaining to potential inhalant abuse which is appropriate for students given their age, maturity, and grade level. Inhalant abuse educational programs/information for parents/guardians will be offered in a manner convenient to parents/guardians.

### **Performance-Enhancing Drugs (including food supplement)**

In addition to the prohibition pertaining to alcohol, drugs, tobacco and inhalants, the Board of Education prohibits the use, possession, distribution or sale of performance-enhancing drugs, including anabolic steroids and food supplements, including Creatine, by students involved in school-related athletics or any co-curricular or extracurricular school activity/program, other than use for a valid medical purpose as documented by a physician. Bodybuilding and enhancement of athletic ability and performance are not considered valid medical purposes.

School personnel and coaches will not dispense any drugs, medication or food supplements except as in compliance with Connecticut State law, District policy and as prescribed by a student's physician, dentist, physician assistant or advanced practice registered nurse.

Students shall be made aware of the dangers of steroid abuse and that such abuse, unauthorized possession, purchase, or sale will subject them to disciplinary action and CIAC sanctions.

Students who violate this policy will be subject to disciplinary action. The Superintendent shall propose, and the Board of Education shall approve, procedures and regulations to ensure that any student violating this section is subjected to disciplinary action, and that any disciplinary actions imposed for similar violations are treated consistently.

It is the expectation of the Board that District schools, as members of the Connecticut Interscholastic Athletic Association (CIAC), require all athletes playing in CIAC-controlled sports to be chemical free.

### **Tobacco/E-Cigarette Use by Students**

There shall be no smoking or any other unauthorized use or possession of tobacco, tobacco products, including chewing tobacco or tobacco paraphernalia, and electronic nicotine delivery systems or vapor products by students in any school building or school vehicle at any time or on any school grounds during the school day, or at any time when the student is subject to the supervision of designated school personnel. Such as when the student is at any school function, extracurricular event, field trip, or school related activity such as a work-study program. An ongoing program of student support and counseling will be offered to provide support for students who wish to break the smoking habit.

Tobacco includes, but is not limited to cigarettes, cigars, snuff, smoking tobacco, smokeless tobacco, nicotine, nicotine delivering systems or vapor product, chemicals, or devices that produce the same flavor or physical effect of nicotine substances; and any other tobacco or nicotine innovations.

**Alternate language to consider:** *For purposes of this policy, "use of tobacco" shall mean all uses of tobacco, including but is not limited to, cigarettes, cigars, snuff, blunts, bidis, pipes, chewing tobacco, or any other substance that contains tobacco or nicotine, and all other forms of smokeless tobacco, rolling papers and any other items containing or reasonably resembling tobacco or tobacco products. In order to protect students and staff, the Board prohibits the use of tobacco or nicotine-based products in school buildings, on school grounds, in school vehicles, or at any school-related event.*

Students who violate this policy will be subject to disciplinary action. The Superintendent shall propose and the Board of Education shall approve procedures and regulations to ensure that any student violating this policy is subjected to disciplinary action, and that any disciplinary actions imposed for similar actions are treated consistently.

### **Prescribed Medications**

Students may possess and/or self-administer medications in school in accordance with the Board's policy concerning the administration of medication in school.

Students taking improper amounts of a prescribed medication, or otherwise taking medication contrary to the provisions of the Board's policy on the administration of medication will be subject to the procedures for improper drug or alcohol use outlined in this policy.

### **Medical Marijuana**

The conditions which follow are applicable to a District student who holds a certificate authorizing the palliative use of marijuana issued by the Connecticut Department of Consumer Protection (DCP) for the medical use of marijuana as set out in P.A. 12-55, "An Act Concerning the Palliative Use of Marijuana" and as amended by P.A. 16-23.

The District will not refuse to enroll a student or otherwise penalize a student for being a medical marijuana certificate holder unless failure to do so would cause the school to lose a monetary or licensing benefit under federal law or regulations.

A student medical marijuana certificate holder is subject to, without bias, the same code of conduct and disciplinary standards applicable to all students attending District schools. A student medical marijuana certificate holder shall not:

- Undertake any task under the influence of marijuana that would constitute negligence;
- Possess or engage in the medical use of marijuana
- On a school bus,
- On the grounds of any preschool, elementary or secondary school,
- Utilize marijuana on any form of public transportation or in any public place.
- Operate, navigate, or be in actual physical control of any motor vehicle while under the influence of marijuana, except that a qualifying certified marijuana user for medical purposes shall not be considered to be under the influence of marijuana solely because of the presence of metabolites or components of marijuana that appear in insufficient concentration to cause impairment;
- Use marijuana in any manner not authorized by P.A. 12-55 as amended by P.A. 16-23; or
- Offer to give, sell, or dispense medical marijuana to another student or other individual on school property, in school-provided vehicles, at school events, or when functioning as a representative of the school.

If District officials have reasonable belief that a student may be under the influence, in possession of, or distributing medical marijuana, in a manner not authorized by the medical marijuana statute, law enforcement authorities will be informed.

A student who violates any portion of this policy shall be subject to disciplinary action and applicable criminal prosecution.

***Alternate language to consider:*** Although possession and use of marijuana for certain medical conditions, consistent with Connecticut's P.A. 12-55, "An Act Concerning the Palliative Use of Marijuana," as amended by P.A. 16-23, is no longer a crime in Connecticut, the possession and use of marijuana remains illegal under federal law. Consistent with federal law, including the Controlled Substances Act and the Drug-Free Schools and Communities Act, the use and or possession of marijuana continues to be prohibited while a student is on a school bus, at school, on school grounds or at a school-sponsored activity. The District will continue to enforce its policies regarding controlled substances and any students who violate District policy prohibiting the use, sale or possession of illegal drugs in District facilities and school property will be subject to disciplinary and criminal action.

#### **Use of CBD Products (*optional to add to policy*)**

Students are prohibited from possessing, using, selling, delivering, manufacturing, or being under the influence of any substance containing cannabidiol (CBD) or tetrahydrocannabinol (THC), regardless of whether it constitutes a controlled substance under federal law.

***(alternate language)*** Students are prohibited from being under the influence of any controlled drugs, narcotic, substance or any mind-altering substance or intoxicant, illegal or legal, specifically any product with cannabidiol (CBD), whether hemp or cannabis, and regardless of the amount of THC (tetrahydrocannabinol) in the product or the extent to which it is legal or illegal under state law.
